MOBILIZATION OF TROOPS IS BLAMED ON WAR HEADS

By Associated Press.

Washington, Jan. 18.—Blame for delay in mobilizing the national guard for border service was placed squarely on the war department today by Major General John F. O'Ryan, commander of the New York division of the state forces, in testifying before the senate sub-committee on universal service. Adjutant General Louis W. Stotesbury of New York and Captain James T. Burns of the Third Illinois infantry joined in defending the guard.

**MEN CLAIM LAW
UNFAIR TO STATES.**

Generals O'Ryan and Stotesbury declared the report on the national militia mobilization prepared by the state bureau was unfair to the state service. They disclaimed any thought that army officials had issued it for the purpose of discrediting and breaking down the guard. General O'Ryan saving the action was due to "conservative prejudice and ignorance of real conditions."

"The national guard was treated by the war department as a volunteer force, not under the scheme contemplated in the national defense act," said General Stotesbury.

Both generals said the greatest difficulty was the fact that under departmental regulations the equipment to be provided by the government was not on hand in the mustering places. "While war department regulations may have to be blamed to some extent," Senator Chamberlain interjected, "congress was also to blame, for recommendations of the department for this equipment had been repeatedly rejected."

"That is true," said General Stotesbury.

ENDORSEMENT GIVEN PROPOSED RAILROAD AT BEAUMONT MEET

Special to The News.

Beaumont, Jan. 18.—Enthusiastic endorsement was given the proposed Waco-Beaumont railroad project here today at a conference of more than three hundred people of Beaumont and intervening cities assembled at the Beaumont Chamber of Commerce.

Actual measures were taken tonight at the annual banquet of the organization when a committee on ways and means was appointed by the Chamber of Commerce. This strong committee has plenary powers and is to report back to the Beaumont organization with a definite work plan on or before February 15, when a conference will be held in Waco at the Chamber of Commerce.

Four Waco men, Secretary H. D. Driscoll of the Chamber of Commerce, Col. Abe Gross, C. P. Link and W. V. Crawford, were present at the meeting tonight and made short talks. Colonel Gross made a keynote speech on the project at the banquet tonight which was received by local people with cheers for Waco and Beaumont.

FRANCE AND ITALY FEEL SHORTAGE OF COAL THIS WINTER

By Associated Press.

Washington, Jan. 18.—Destruction of allied merchant ships by enemy submarines is making the ocean transportation problems in the entente countries so acute, according to official dispatches received here today, that even the fixing of maximum rates on coal transportation has failed to relieve the coal shortage in France and Italy.

Neutral vessels are refusing to carry coal from British ports to the allied countries as neutral ports offer better rates.

Telephone Girl Saves 1400 Men When Factory Blows Up

Miss Tessie McNamara.

The heroism of Miss Tessie McNamara, telephone switchboard girl at the big munitions plant of the Canadian Car and Foundry Company on the Jersey meadows near Kingsland, saved 1,400 men from a horrible death when the plant blew up a few days ago. Miss McNamara was the first to see the fire. Instead of fleeing to safety she called up building after building and flashed the news of the impending disaster. Before she had finished her work shells were bursting all around her, and she was dragged from her post unconscious.

More Economical Production of Livestock Is Needed

By Associated Press.

Cheyenne, Wyo., Jan. 18.—Co-ordination of all branches of the meat industry, the work of the association's marketing committee, the Mexican situation and its relation to the stockman in Mexico and advocacy of classification of the stock yards as public utilities, were features of the address of Dwight B. Heard of Phoenix, Ariz., president of the American National Livestock association on the occasion of its twentieth annual meeting today in Cheyenne.

President Heard reviewed at length the course of the livestock industry in the past year, stating that drought had figured in the cattle industry for such an extent that prices paid for cattle last year had varied from \$4.50 to \$13 a hundredweight. The record of receipts at eleven points he said showed an increase in hogs sent to stockyards of 4,500,000 head. The last year said, the 1916 lamb crop being reported to have been the largest ever recorded.

Discussing coordination of phases of the industry, he said: "The vital questions before the convention are: How we can devise more efficient and economical means for the production of livestock; how we can maintain and develop the means for transporting this livestock at reasonable rates; how we can improve conditions at stockyards."

Heard said the representatives of a number of large packing companies had withdrawn opposition to investigation of the meat industry on condition that the stockmen would do all they could to secure a full and fair investigation of the industry.

"There seems to be a general feeling among Americans interested in the cattle industry in Mexico," said Mr. Heard, "that if the Pershing column is withdrawn, American cattle in Mexico will be taken indiscriminately by the rival Mexican factions."

Paris May Move Battle Is Raging Clock Up One Hour Near City of Chihuahua

By Associated Press.

Paris, Jan. 18.—The government is considering the question of advancing the legal time by one hour and has informed the committee on education that it is in favor of the step. It is believed that the new time will take effect February 15.

By Associated Press.

El Paso, Jan. 18.—Fighting is in progress between rebels and government troops in the vicinity of Santa Ysabel, about fifteen miles west of Chihuahua City, according to a report brought by passengers from the south who arrived in Juarez tonight.

Y. M. B. L. PRESIDENT REALIZES VALUE OF PUBLICITY

January 18, 1917.

Mr. Frank G. Evans,
Managing Editor Waco Morning News, City.

Dear Mr. Evans: I have noticed from day to day the front page banner lines of The News which have given in epigrammatic style the merits of Waco and certain activities being constructed in behalf of the city. Nothing speaks for a town like newspapers, and particularly do display lines attract favorable attention.

For the Young Men's Business League and for myself as president, I wish to express thanks for this progressive newspaper feature.

With best wishes to you and The News, I am,

Very truly yours,

(Signed) ROBERT B. DUPREE,

SOLDIERS MAY QUIT MEXICO BEFORE END OF WEEK

By Associated Press.

Washington, Jan. 18.—Although Villa's operations have injected confusing factors in to the situation in northern Mexico and along the border, there is every indication that the administration is going forward with its plans for early withdrawal of Pershing's expedition and demobilization of the National Guard.

Officials have insisted that it was impossible to set a definite date for the troop movements because of the uncertainty of transportation facilities and because of the situation at the border and beyond is constantly changing. It has been indicated clearly, however, that unless there was some unexpected development, Pershing's withdrawal and the return of the guardsmen would be ordered within a few days, possible before the end of this week.

The reports of Villa's new campaign apparently have not disturbed determination but they have somewhat bewildered official ideas as to the real situation and in the end may operate to hold up orders until a more thorough investigation has been made. Army officers contend that the force would be in a better military position if withdrawn and regrouped, but they are anxious to locate the Villa forces more definitely before they are any American movement.

Border dispatches today transmitting rumors that the guardsmen would be ordered home within five days were heard by war department officials without comment. General Funston has exercised a wide discretion regarding details of troop disposition and it is depend largely on his assessment of conditions along the border and in the territory where Villa is operating.

SPANELL TRIAL IN PROGRESS, SEVERAL WITNESSES HEARD

By Associated Press.

San Angelo, Jan. 18.—Taking of testimony was begun today in the case of Harry J. Spanell of Alpine, Texas, on trial for murder in connection with the shooting and killing of his wife, Mrs. Crystal Holland Spanell, at Alpine July 20 last.

The case against Spanell for the alleged killing of Lieut. Col. M. C. Butler was set for January 25. Much time today was consumed in arguments of attorneys over the admissibility of certain testimony after when court adjourned Judge C. E. DuBois, presiding, had not given an opinion as to its admissibility. This testimony sought to be introduced by the defense was with reference to the family devotion of Spanell. Attorneys for the state contended it was merely an opinion and not general enough to be in the nature of character testimony.

The question arose when Judge L. A. Dale of the defense asked Mrs. J. W. Downum, a state's witness, if Spanell did not seem devoted to his family. The witness repeated an alleged conversation she said she had with Spanell before the shooting. Mrs. Downum testified that Spanell had spoken of the attentions he thought Butler was paying Mrs. Spanell, and remarked,

ADMITS HE KILLED COLUMBUS WOMAN

Weldon H. Wells.

Weldon H. Wells, former Kansas City broker's clerk, has confessed that he shot and killed Mona Byron Simon in his room in a fashionable Columbus (O.) hotel on Thursday night of last week. "She said she came from as good a family as I did and it was to just such men as me that she traced her downfall," said Wells. That angered him and he shot her. He was captured in Huntington, Ind.

NEW HIGHWAY BILL MAY MEET FAVOR OF STATE SOLONS

By Associated Press.

Austin, Jan. 18.—The state highway commission bill, after a wrangle throughout the morning in the house committee on state affairs was submitted to a sub-committee to draft a new bill with objectionable features eliminated. These features are the payment of road tax, how apportioned between the county and state, collection of same and the method of apportionment.

Boner's congressional redistricting bill, which would allow foreign corporations existing from the state to retain providing there is filed in court a statement showing no affiliation with the original company and that the company is not now engaged in unlawful occupation.

The bill providing closing of pool rooms at 10:30 p. m. with repeal of the local option feature of the present pool hall law, was given a favorable report with notice of a minority report. The bill is by Williams of McLennan county.

Favorable reports were given a bill by Dodd and Jones, allowing corporations to borrow in excess of capital stock; by McFarley, putting a gross receipts tax on wholesale manufacturers of oil, etc.; by Williams, limiting the tax on bowling allies to place of business; by Miller, allowing water companies to secure right of way; by Parks, increasing the jurisdiction of the nine jury bill; resolutions by Terrell providing a graduated land tax and exempting cotton and woolen manufacturers for fifteen years from payment of taxes.

Japan Furnishing Machinery for Mexico

By Associated Press.

Mexico, City, Jan. 18.—A large shipment of machinery for the making of munitions, purchased by the Mexican government in Japan, is expected to arrive at Manzanillo in the next two or three days.

According to reports from an authoritative source the Moeve is understood to have sailed from Kiel under the Danish flag carrying a cargo of hay on the bridge in order to conceal her armament. When last seen the Moeve was painted black with white markings. Her armament included four torpedo tubes in service and several tubes in reserve. She is believed to have carried a mine-laying apparatus.

The raider also carried a large number of auxiliary plates which would permit her commander to change the appearance of the bridge at will. In addition she had collapsible funnels. The vessel now believed to be the Moeve was repainted several times and under the last coat of paint were observed traces of the Danish flag which had been painted on the hull.

You Pay Less Than Ever Before

Our circulation has grown faster than advertising charges—you pay less to talk to a thousand people today through the Waco News than you did last year, or before the war.

Mighty few other products can offer the same plea in these days of war profits.

Even with slight rate increases, necessitated by almost prohibitive price of printing materials, advertising in the News is cheaper and more productive than ever before. The advertising does more and costs less. Then, too, newspaper readers are better educated to look towards newspaper advertising as their buying guide.

NEUTRALS TO MAN KILLED JOIN U. S. AT MARLIN; IN PEACE WOMAN IS HELD

By Associated Press.

Pittsburg, Jan. 18.—In messages read at a dinner given here tonight under auspices of the League to Enforce Peace, to consider a program for a permanent league of nations to become effective at the close of the present war, neutral nations of Europe expressed a desire to take part in the formation of such a league. Letters from Switzerland, Spain and Denmark in answer to inquiries from Theodore Marburg, chairman of the committee on foreign organizations of the League to Enforce Peace, were read.

The favorable answers from the neutral nations follow closely on the reply of the entente allies to President Wilson, in which ten of the fourteen countries at war jointly declared: "They associate themselves, with all their hopes, with the project for the creation of a league of nations to insure peace and justice throughout the world."

GERMAN RAIDER IS BELIEVED TO BE DESTROYER MOEWE

By Associated Press.

Rio Janeiro, Jan. 18.—The British steamer Yarrowdale with the crews of eight ships sunk by the German raider in the Atlantic, arrived January 16, at Saoviciencia, Cape Verde Island, according to reliable information received here. It has been stated in unofficial dispatches that the Yarrowdale had on board 400 men of the crews of the sunken ships.

By Associated Press.

Rio Janeiro, Jan. 18.—It is considered almost certain here that the German raider which has been creating havoc among entente shipping in the South Atlantic is the Moeve, the German armed raider which captured the Appan and sunk numerous entente ships in Atlantic waters a year ago. The American consul at Pernambuco cabled the embassy here confirming the belief that the Moeve was the raider. He said which fell victim to the raider, he added that no American ships had been sunk by the German craft and that all the American sailors landed were men from the crews of foreign vessels.

People Fear Raid.

By Associated Press.

New York, Jan. 18.—The people of Kingston, Jamaica, are in constant fear of a raid by a German ship, according to stories told by passengers on the liner Alder Liner Almirante which arrived here today from the West Indies.

No street lights burn at night in Kingston, the arrivals said, and there is extreme activity in the harbor where searchlights nightly play from the fortifications, while fleets of small boats patrol the harbor entrance both night and day.

According to reports from an authoritative source the Moeve is understood to have sailed from Kiel under the Danish flag carrying a cargo of hay on the bridge in order to conceal her armament. When last seen the Moeve was painted black with white markings. Her armament included four torpedo tubes in service and several tubes in reserve. She is believed to have carried a mine-laying apparatus.

The raider also carried a large number of auxiliary plates which would permit her commander to change the appearance of the bridge at will. In addition she had collapsible funnels. The vessel now believed to be the Moeve was repainted several times and under the last coat of paint were observed traces of the Danish flag which had been painted on the hull.

Special to The News.

Marlin, Jan. 18.—Mrs. J. J. Kahman, 28 years old, is being held in the county jail tonight in connection with the killing this afternoon of J. B. Williams of Mart. Williams was shot while walking almost in front of the residence of Mr. and Mrs. Kahman which is located on one of the principal Marlin streets.

According to Deputy Sheriff Arthur Miles, Kahman stated to Sheriff C. H. Platt soon after the killing that he "had tried to get his wife to let him do the shooting."

Mrs. Kahman refused to make a statement regarding the shooting when she was taken into custody. Bystanders say four shots were fired, three of which took effect. One of the bullets struck Williams in the heart, another on the left side of the face and the third in the neck. He died instantly. It was impossible to find what Williams was in Marlin for today.

EPISCOPAL CHURCH NAMES WACO MAN AS ITS TREASURER

By Associated Press.

Little Rock, Ark., Jan. 18.—Oklahoma City today was chosen as the place of holding the 1918 synod of the Episcopal church, Province of the Southwest, January 22, 23 and 24, at the final business sessions of the 1917 synod here.

The Right Rev. George H. Kinsolving, bishop of Texas, heads the new court of review of the province, elected at today's session. Other members named are: Rev. Henry N. Hyde of Joplin, Mo.; Rev. J. D. Riecke, D. D. of West Missouri; Very Rev. Harry T. Moore of Dallas; L. Bradford Prince of Santa Fe, former governor of New Mexico; Charles B. Smith of Topeka, and F. J. McMaster of Kansas City.

Representing the province on the board of missions of the church, Bishop of Spokane C. Partridge of West Missouri, was named.

Charles L. Johnston of Waco, Texas, was elected treasurer, and Bishop Brooks of Oklahoma was named vice president of the synod.

Pension Plan Discussed.

By Associated Press.

Little Rock, Ark., Jan. 18.—The ministerial pension plan of the Methodist Episcopal church was outlined in an address before the Little Rock conference of the church here tonight by Rev. John T. B. Smith of Chicago, representing the Methodist board of conference claimants.

"The present state of the retired preacher," said Rev. Mr. Smith, "is deplorable though far better than it has been in the past."

"Practically all Protestant churches are making strenuous efforts to provide pensions for worn-out preachers and adequate care of the widows and dependent orphans of ministers."

"The average salary of Protestant preachers is barely \$1,000. The plan of the Methodist Episcopal church is to give every retired minister annually \$20 dollars for every year of active service. This a pastor who has had forty years of active service will receive \$800."

"The Methodist Episcopal church has a total membership of 4,200,000 as well as over 8,000,000 adherents, making a total of more than 12,000,000. A church with such a membership should have no difficulty in securing \$15,000,000."

"The success of the 1916 campaign for \$15,000,000 will give a complete care for retired preachers and adequate care for their widows and orphans."

Senator Would Cut Campaign Expenses

By Associated Press.

Austin, Jan. 18.—A bill was introduced in the senate by Senator McNealus which seeks to prohibit the corrupt use of money in city elections, which may apply to several of the larger cities of the state. The provisions of the bill apply to any city in the state located in a county having a population of 150,000 or more, as determined by the federal census of 1910. Senator McNealus believes that \$2 for every 100 qualified voters is sufficient campaign expenses for any candidate running for office.

Two Steamers Sunk.

By Associated Press.

London, Jan. 18.—Lloyd's announce that the British steamers Manchester Inventor and Wragby have been sunk. The Manchester Inventor was a vessel of 1247 tons. The Wragby registered 3641 tons.

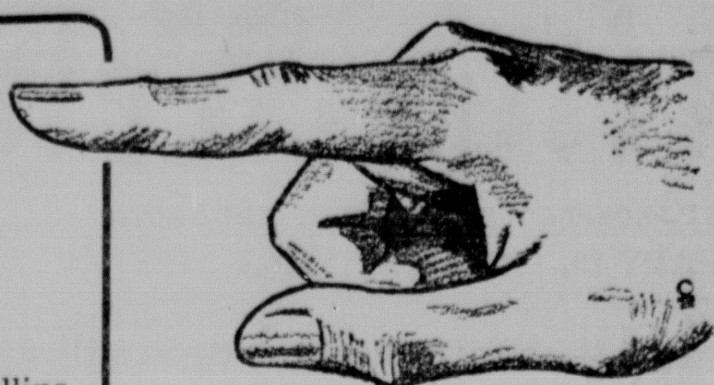

Here's the reason

We have just purchased from the Collins Piano Company of Greenville, at a ridiculously low price, the entire stock of Pianos and Players which they had consigned to their agents in Central Texas. All these instruments are brand new, and the only reason they were sold to us was that the Collins Music Company had decided to close out all their business and agencies in this part of the state, and rather than go to the trouble and expense of re-shipping, they accepted our offer. Mr. Collins has ordered them all shipped to us at Waco, and so we are compelled to find room for them.

During the year 1916 musical instruments were like many other commodities, difficult to secure owing to shortage of material caused by the war. We placed orders for Pianos and Players with almost every reputable factory in the country to protect our trade. Delayed shipments of these instruments, along with shipments covered by our 1917 contracts, are arriving daily, and we are in a precarious position for want of storage space.

We have on hand 124 Players and Pianos which we must sell—even at a sacrifice. Our loss is your gain. Storage and other charges are simply eating us up. These Pianos are here for you at practically your own price. No reasonable offer or terms will be refused.

We Have Got to Sell!

124 PIANOS

AT YOUR OWN PRICE

—AND—
PLAYERS

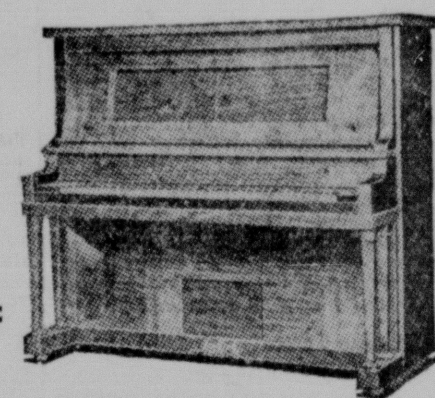

There will be no reasonable offer refused—at this the greatest piano sale ever held in Central Texas. It will be entirely your own fault if your home is without a piano after this sale—**SATURDAY IS THE DAY**

We absolutely defy any piano house in the South to duplicate the values we are offering—Included in the stock are pianos, such as the Kimball, Bush and Lane, Mehlin, Starr, Hinze, Stuyvesant, Richter, Majestic, Shondorff, Farrand, Gulbransen-Dickenson, Leyhe, Lester, Ernest Gabler and many others—

BOSTON ATTORNEY TO HAVE CHARGE OF LEAK HEARING

By Associated Press.

Washington, Jan. 18.—Sherman L. Whipple of Boston, a democrat and a noted trial lawyer, was invited tonight by the rules committee of the house to act as counsel in the peace note leak investigation which it now appears will extend deeply into Wall street stock manipulation. There were intimations that the Boston attorney had been consulted and was expected to undertake the task. Further public hearings in the inquiry were postponed until Monday morning in order to give counsel and the committee time to complete arrangements and prepare for the future proceedings along lines which the attorney may suggest. The plan is to call as the first witness, Mrs. Ruth Thomson Visconti, the woman Thomas W. Lawson says told him Secretary Tumulty and W. W. Price, a Washington newspaper man, were beneficiaries of the alleged leak. She will be followed by a score or more of other witnesses, including the men whose names have been brought into the inquiry and a number of prominent New York financiers.

SELECTION FOLLOWS BIG CONFERENCE.

The selection of Whipple followed a bitter fight of several hours among democrats of the committee, in which Postmaster Burleson, Solicitor General Davis and Majority Leader Kitchin participated. Several of the democrats, including Chairman Henry, urged the selection of Samuel Untermyer as counsel, despite attacks against such a course from both sides of the house.

Mr. Burleson, often administration spokesman at the capitol, is understood to have been there to advocate Untermyer. Representative Howard of Georgia, who announced his opposition to Untermyer on the floor, was importuned by democratic leaders to give silent approval to his retention. Howard vehemently declined and his renewed protests with open rejection by other democratic members and unanimous disapproval on the republican side, forced Untermyer's champions to yield.

One of the chief objections against retaining Untermyer was that Lawson had discussed the case with him and was known to want an investigation of the stock exchange with Untermyer in charge of it. Democratic members of the committee struggled with the problem for more than twenty-four hours, excluding republican members from their conferences while endeavoring to reach an agreement. Representatives Campbell and Lenroot, the ranking republican committee members, learned of the efforts being made to choose Untermyer, and late this afternoon issued a statement assailing the democrats. The statement, which charged the democrats with attempting to choose a partisan counsel, had the effect of bringing the conference to an end.

REPUBLICANS INVITED INTO MEETING.

The republicans were invited into the conference at 4 o'clock, at which time Whipple was suggested. They were told to return at 5 o'clock. In the meantime Mr. Campbell, committee member of Massachusetts against whom Whipple made a race for the senate, as to Whipple's qualifications. Senator Weeks' endorsement was so strong that the republican members made no further inquiry and returning to the committee room approved the selection.

Agitation to broaden the scope of the inquiry still further by a new resolution which specifically would direct thorough investigation of the stock exchange with a view to reform legislation, caused much discussion in the democratic conference early in the day. After the selection of

Whipple tonight, however, it was said by democratic leaders that the inquiry would proceed along lines already outlined. At one stage when agreement on a counsel seemed impossible suggestion was made that the rules committee recommend immediate appointment of a special committee to take over the investigation. In the investigation of the nomination of Louis D. Brandeis to the supreme court Mr. Whipple appeared before a senate judiciary sub-committee as a witness favorable to confirmation. He also recently appeared as counsel for pneumatic tube interests before the postoffice committee. He is a member of the Boston legal firm of Whipple, Sears and Ogden.

Whipple Has Not Accepted.

Boston, Jan. 18.—Sherman L. Whipple declined to say tonight whether he would accept the invitation of the house rules committee to act as counsel in the peace note leak inquiry.

"I am extremely gratified at the action of the republican members of the committee," Whipple said when informed that they had approved his selection on the strength of a strong indorsement by Senator Weeks.

Whipple telegraphed Chairman Henry tonight he would come to Washington Saturday to confer with the committee. Mr. Henry said the message was not an acceptance of the committee's invitation, but that he did not doubt that an agreement would be reached without difficulty.

Mystery Enshrouds Death of Woman at Corpus

By Associated Press.

Brownsville, Jan. 18.—Mystery surrounding the death of a woman registered as Mrs. Mary E. Pelletier and believed to be from Cincinnati in a local hotel Tuesday night, caused authorities to order an autopsy today and the sending of the woman's viscera to the state health department at Austin for examination.

In the woman's notebook the following note was found: "My mother's address, Mrs. Louisiana Blancy, No. 25 West Canal street, Cincinnati." Replying to a telegraphic inquiry Mrs. Blancy said her only daughter's name was "Mrs. Gray." Officers had found tonight that the name had been found among the woman's effects.

The woman, who registered from "Corpus Christi," is said to have displayed peculiarly to discuss means of combating the white pine blight scourge.

Speakers today were Henry S. Graves, chief of the federal forest reserve; Stephen T. Mather, assistant to the secretary of the interior; E. W. Nelson, chief of the federal bureau of biological survey, and C. J. Blanchard, of the reclamation service. Charles Lathrop Pack of New Jersey was re-elected president of the association.

Mexican Saves Life of U. S. Physician

By Associated Press.

Columbus, N. M., Jan. 18.—Dr. W. T. Stell, an American physician of Guerrero, who was reported executed by the Villa troops that entered the town October last and who reached the American lines several days ago, arrived here today from Mexico.

When the Carranza garrison evacuated Guerrero Dr. Stell took refuge in the chimney of an abandoned church, where for six weeks he subsisted on bread and water smuggled in by a native servant. Two weeks ago the servant bribed a Mexican wagon driver to carry the doctor to El Valle.

Americans arriving here also report that the town of San Lorenzo, 23 miles east of El Valle, was taken by a hundred Villa followers last Saturday. Six girls were reported to have been abducted and three citizens sent to the firing squad for refusal to join the band.

Public Should Control All Timber Land

By Associated Press.

Washington, Jan. 18.—The difficulty of fighting timber diseases in privately-owned forests was urged as a reason for public ownership of timber lands by speakers today before the American forestry association's conference, called particularly to discuss means of combating the white pine blight scourge.

Speakers today were Henry S. Graves, chief of the federal forest reserve; Stephen T. Mather, assistant to the secretary of the interior; E. W. Nelson, chief of the federal bureau of biological survey, and C. J. Blanchard, of the reclamation service. Charles Lathrop Pack of New Jersey was re-elected president of the association.

TEUTONS' ADVANCES IN RUMANIA ARE CHECKED BY ALLIES

By Associated Press.

The advance of the Teutonic allies in Rumania apparently has been brought to a standstill for the time being at least by the reinforced Russians and Rumanians. In the latest Berlin official communication the only successes reported for the invaders were gained through a surprise attack between the Sulez and Putna valleys, where the army of Archduke Joseph captured an officer, 230 men and one machine gun from a hostile position, and south of Oluz road where a strong Russian attack was repulsed with artillery and machine-gun fire.

On the other hand the Rumanians put down a German attack south of Monastir-Kachibol on the Kaspa river and southwest of Pralca surrounded a German position and captured a large number of men and four machine guns. The Russians are shelling the towns of Tulcha and Isakcha, across the Danube in Dobruja, while the Bulgarians' guns are active against hostile shipping and military positions near Galatz and Isakcha.

On the Russian front and in Galicia there has been violent artillery activity and a number of minor fights between raiding parties at isolated points. Near Smorgon the Russians have carried out successful raids and sapping operations, according to Petexrad. In the region of Krasschin a Russian force entered a German position, but later was driven out.

The British in France have further extended their gains of Wednesday near Beaumont-Sur-Ancre. The French and Germans in the Vosges mountains, in Lorraine and near Soissons are engaged in artillery duels, which are described by the French war office as being of a "rather serious character." The big guns of the belligerents also have been active near Ramscapelle, Dixmude and Hetsas, Belgium.

In the Austro-Italian theatre, heavy snowstorms are impeding the operations. The whereabouts of the German raider which has been sinking entente allied merchantmen in the south Atlantic has not yet become known. Unofficial advice from Rio Janeiro say that it is considered almost certain that the vessel is the famous Moewe, which sank many entente ships in the Atlantic some time ago. The British steamer Yarrowdale, on which the raider is said to have put 400 men taken from vessels she sank for conveyance to a port of safety, has not yet been heard from.

Oklahoma Officers and Robbers Clash; One Man Killed

By Associated Press.

Oklahoma, Okla., Jan. 18.—One deputy sheriff and one alleged bank robber were killed and a second robber wounded and captured early today by an Oklahoma county posse of ten men. The men are believed to be two of those who held up the state bank of Harrah Friday last and since then have been pursued and engaged in several clashes with possemen. The clash occurred near the McKennon ranch between Boley and Castle, several miles northwest of Oklahoma. Deputy Sheriff M. Boulware was killed by a single shot fired by one of the robbers. Clarence Arnold was the robber shot to death and Jess Little was captured after being wounded. The fight lasted only four or five minutes.

Henry Jones, sheriff of Oklahoma county, headed the posse which overtook the robbers. Sheriff Jones said he believed the robbers were the same men who yesterday fought off a posse near Harrah.

The fight took place at the home of a negro, one mile east of Boley.

Relatives Can't Get Office in Texas

By Associated Press.

Austin, Jan. 18.—In construing the anti-nepotism law, it was held today by the attorney general's department that the legislature means both bodies, house and senate, consequently the speaker of the house cannot appoint to any office, position or clerkship, any person related within the second degree of affinity or within the third degree of consanguinity to any member of the house or to any member of the senate. The effect of this opinion is to prohibit any member of the house from having any relative within the prohibited degree appointed to a position in the senate, or vice versa.

Cattle Do Not Suffer.

Fort Worth, Jan. 18.—Reports to the Texas Cattle Raisers' association from range inspectors today indicate that cattle have weathered the blizzard with the smallest loss in years. This is due, it is believed, to the good condition of the animals.

Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time In Many Instances

A Free Prescription You Can Have Filled and Use at Home.

Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "These dimmers seemed to haze with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and hundreds more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the

simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

Note: Another prominent Physician to whom the above article was submitted, said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good drug-gist and is one of the very few preparations I feel should be kept on hand for regular use in almost every family." It is sold in Waco by W. B. Morrison and other druggists.

THIS store has one standard of value, and that standard represents the utmost in style and quality for your money. Whether your needs include tailoring, hats or haberdashery, you'll find what you want here and you'll get as full or even fuller measure of value for your money here at the regular price than at any sale price you will see. Come in and let me prove it.

THE GROCERY SO DIFFERENT

PROPOSED RAILROAD TO BEAUMONT CAUSE OF MUCH DISCUSSION

Telegrams, telephone calls and letters are pouring in to the Chamber of Commerce from many points regarding the proposed Waco-Beaumont railroad. Numbers of persons are visiting the Chamber of Commerce in person regarding this line, according to Assistant Roy Goebel of the traffic department of the Chamber of Commerce.

Speaking of the matter yesterday Mr. Goebel said that he had never seen anything proposed which has struck so popular a response as this Waco-Beaumont railroad. People who live along the route are coming to him to talk about it, according to Mr. Goebel, who says there is a spirit of co-operation which is remarkable. It looks as if the matter of right of way and suitable inducements will be easy when the proposition is put in definite form for it appears that everybody is concerned.

"This line would open a great section of country to Waco which is now denied on account of freight rates and round about way of reaching many places," said Mr. Goebel, "and it is impossible to compete with one or two other large cities which now reach the country direct, as Waco has to use two to three lines of railroad. The building of the Waco-Beaumont line would cut Waco's rate almost in half to some points which would then be made accessible and which could be reached quickly."

"It also would provide a short cut to New Orleans out of Waco and would be a developer in many ways."

Cocoon Oil Fine For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulsum cocoon oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulsum cocoon oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Domestic Science Club.

The weather elements were braved by the Domestic Science club on Wednesday afternoon, and delightful hours of informality were enjoyed with Mrs. Morris Palmer in her suburban home, "Wahnfried."

Preparing for Lent.

Just twenty-eight days until Ash Wednesday, which ushering in Lent, promises to cast its accustomed bidding aspect on all formal gayeties until Easter in its loveliest colorings and robe of tenderest anticipation on the Bachelors' falls on April 8.

Request.

As custodian for the Mary West chapter, U. D. C., Mrs. A. N. Branson makes request for the return of a picture lost at the closing of the U. D. C. COTTON PALACE booth. The picture is of the jury before whom Jefferson was tried, and is of much value to the Mary West chapter.

Club Hostess.

Mrs. Clinton Padgett was the agreeable hostess for the Young Married Ladies' Bridge club. Mrs. Padgett's admired prizes were won by Mesdames Buford McWhirter and Ira Seley. They were a novelty—power-puff box and an old rose sewing bag. Delicious refreshments concluded the enjoyable hospitality.

Mrs. C. K. Durham Hostess for Matinee Bridge.

The Matinee Bridge club played their Durham amid pleasant environments. game of this week with Mrs. C. K. Durham as hostess. The only substitute hand and Mrs. A. R. Lawson, at whose home the club meets next, made high score. A delightful salad plate came at conclusion.

Debutante Bridge Club.

The Debutante Bridge club met this week with Mrs. Kyle Vick. Misses Thelma Fitzwilliams, Florence Patten and Mary Mayfield played substitute hands and Miss Edwina Sturges received a pretty boudoir cap in recognition of highest score. The refreshment feature was delightful. Miss Virginia Rose invited the club for their game of the coming week.

Y. W. C. A. Annual Membership Meeting.

The annual membership meeting of the Young Women's Christian Association for the election of the directors and for the annual reports will be held this evening at 8 o'clock at the Y. W. C. A., 605 1-2 Block main street. All members are requested to be present.

MRS. BEN G. KENDALL, Secretary.

For Mr. and Mrs. Thomas S. Hollon.

Tuesday evening Mr. and Mrs. J. E. Burd complimented their friends, Mr. and Mrs. Thomas S. Hollon, with a dinner in honor of their eighteenth wedding anniversary. After the dinner was served some friends were invited for a game of "84," which was thoroughly enjoyed by all. Those present other than the hostess and her guests were Mr. and Mrs. Frank T. West, Mr. and Mrs. M. B. Kirksey, and Mrs. H. B. Sneed.

Wednesday Euchre Club.

For two consecutive afternoons Mrs. S. E. Stratton has been a club hostess. On the last it was the pleasure of the Wednesday Euchre club to partake of this delightful hospitality. Mesdames Lucy Star Grider, Charles E. Moore, S. H. Burrows, Chester Story and C. M. Day of Tennessee played substitute hands. An attractive flower bowl fell to Mrs. W. W. Pryor, who made the highest score. The afternoon, and table mats were Mrs. H. M. Richey's in consolation cut. Mrs. Allan D. Sanford will have the club next.

For the Help-Poor.

Under the leadership of Mrs. H. H. Shear, superintendent of the Social Service department of St. Paul's Episcopal Bible class, of which class Miss Minnie Taylor is teacher, a Charity Market sale will be given at Hill Brothers, Seventh and Austin, in the morning—Saturday—from 10 a. m. to 4 p. m. the proceeds of which are to be used for the relief of the sick poor of the city. As the work is not sectarian and covers a field of charity for which no provision is made in the city, a generous response from the public is anticipated for so worthy a cause.

The Review Club With Mrs. Glenn Jones.

The Review club had for their consideration the English dramatist, Stephen Phillips, when entertained by Mrs. Glenn Jones on last Wednesday. Mrs. Fred R. Robinson gave paper on Stephen Phillips, the man, and Mrs. L. R. Armstrong's paper dealt with Herod, one of Phillips' best works. Mrs. Sidney Walsh gave reading from Herod, previous to a general discussion of the man and his works. Mesdames Walter Reese, Glen Thompson, Misses Gentry Seales of New Mexico and Ruth Seales were the guests of the afternoon. Mrs. D. L. Jamison assisted her daughter in the hospitalities of the home.

The Lee-Jackson U. D. C. Celebration.

The Mary West chapter, U. D. C., will observe the birthday anniversary of General Lee and Jackson this afternoon at 3 o'clock at the residence

of Miss Decca Lamar West, 624 Dutton street. Veterans are cordially invited to be present.

The following program under the direction of Mrs. J. W. Downs, chapter historian, will be given:

Music, selected, Miss Caroline Alexander.
Reading, Mrs. J. B. Loban.
Music, vocal selection, Mrs. B. C. Hill.
Address, "Lee and Jackson," Rev. John R. Morris.
Violin, Mrs. Walter Rathell.
Selection, Hawaiian music, Miss Ruth Lennox.

Mesdames Sachs and Benedick Entertain.

Mesdames Harry Sachs and Sadie Benedick have to their credit the largest bridge party of the week. Mrs. Leo Lowenberg of St. Joseph, Mo., nee Miss Nannette Haber of this city, and several other visitors now in the homes of friends—namely, Misses Rieta Greif, and Reva Burnham of San Antonio, Solomon of Chicago, Mesdames Mark Swartz of Hempstead, S. Melasky of Taylor, Sylvian Florsheim of Shreveport and Jared Simmons of Oklahoma, gave inspiration for the pretty compliment that likewise afforded opportunity for the return of social obligations. Mrs. Harry Sachs' inviting home was the place for the assembling of eight tables of bridge devotees. The head prize was captured by Mrs. Sidney Goldman, a silver filigree perfume bottle, while the consolation, a handsome box of stationery, fell to Mrs. Harry Archonold. Silk hose were favored in remembrances for the delightful honorees. Mesdames Sachs and Benedick served a delicious refreshment plate as a finale of the afternoon's pleasure.

The interest in neutral colors, such as tan, gray and ashes of rose, continue.

Fine handkerchief linen blouses are sometimes embroidered in color, in chain stitch.

Even gloves have their backs embroidered in some interesting color and design.

Many interpretations of the peplum blouse are used in fashioning cloth frocks.

There is a new shade of pinkish tan which is charming in silk and wool fabrics.

There is a fad just now for blouses of white net with linings of colored satin.

New is a muff of cloth lined with fur and embroidered with silk and silver threads.

There is nothing more smart than the one-piece frock of velvet.

It should be embroidered.

There are hose of every texture and in colors such as every woman wants. Even the newly-popular grass greens are there; and next season, as well as now, hose of this nature's own coloring—will be most popular. You see,

Instant Hair Stain Better Than Slow "Restorers"

Some folks would have you believe that they have discovered a new and marvelous combination that will "restore" the color to gray, streaked or faded hair, without staining it. No such preparation has ever been discovered.

There is only one preparation so far as we know that is entirely free from sulfer, lead, mercury, zinc, arsenic, and other toxic products or their derivatives. That preparation is called "Brownstone." It is so easy and safe to apply that the wonder is that anyone ever uses anything else.

"Brownstone" instantly tints the hair to any shade of brown (or black) that may be desired. If the gray shows on your temples or is streaking your hair—if the ends of your hair are lighter than the balance, or if for any reason you wish to stain all or part of your hair—use "Brownstone."

A sample and a booklet will be sent you (from manufacturers only) upon receipt of the. Mention shade desired. All of the leading drug stores sell "Brownstone." Two sizes, 25c and \$1.00. Insist on "Brownstone" at your hair-dresser's.

GAYNOR'S WIDOW A CONCERT SINGER

Mrs. William J. Gaynor.

Mrs. William J. Gaynor of New York, widow of Mayor Gaynor, is about to make her debut as a professional concert singer. She has a dramatic soprano voice, which has been highly trained, and her friends say she is well fitted for a professional career. Mrs. Gaynor is the mother of seven children, and in addition to her home she has an independent income of \$3,000 a year from her husband's estate.

When you wear green hose, especially as sports hose, it is difficult to detect the places where the green of nature leave off the hosen greens begin.

Celebrated Contralto to Be at Auditorium Theatre Tonight

Fortunate are those music lovers who have received cards of introduction to the private hearing of Miss Christine Miller, the celebrated concert contralto, at the Auditorium theatre tonight.

This charming artist has risen to great popularity on the concert stage through sheer ability and personality, and she has achieved a remarkable success for one so young. She has appeared as soloist with the New York Oratorio society, the Boston Handel and Haydn society, the Toronto choir, the Chicago Apollo club, the Pittsburgh Mozart and the Boston Symphony, the New York Symphony society, the Minneapolis Symphony, the St. Paul Symphony and the Pittsburgh Symphony orchestras, as well as in many of the important musical festivals.

Miss Miller will be assisted by Mr. Arthur Walsh, an unusually clever young violinist from New York, and a delightful as well as unique recital is in prospect.

CARD OF THANKS.

We wish to extend our thanks to the many friends of Miss Fern Thurman for their thoughtful attention and the beautiful floral offerings at her funeral.

Farm Experts Make Addresses to Business Men and Farmers; Diversification Plan Is Urged

Urging that common sense be supplemented by demonstrated science when farming or stock raising, and showing the benefits on the farm of cows, pigs, gardens, hens and other "live at home" farm adjuncts, several prominent representatives of the extension department of the State university and railroad agricultural agents spoke at the Chamber of Commerce yesterday afternoon to farmers and business men.

Announcement was made at the meeting that there would be an address on tick eradication in Waco at the Chamber of Commerce, January 27, at 2 o'clock in the afternoon, by L. J. Allen of Fort Worth, of the bureau of animal industry. This movement has attained considerable proportions in McLennan county during the past few months.

The team which spoke here yesterday was one of eleven teams which are now touring the state, all interested in the same movement.

McLENNAN CAN BE STATE'S BANNER COUNTY.

W. W. Woodson, chairman of the Texas Bankers' association's agricultural committee for this district, was master of ceremonies yesterday afternoon until he was called out on a business matter. After he left the meeting was in charge of E. F. Drake. In opening the meeting Chairman Woodson stressed the need of closer cooperation in the agricultural districts, the joining of hands between farmers, business men and bankers, with the resultant good effects. He predicted that McLennan county can be made the banner county of Texas if matters are handled right here.

The first speaker of the afternoon was Miss Minnie Lawrence of the University of Texas extension department. Briefly she told of many ways in which boys and girls may make themselves useful on the farm and also find profitable employment for themselves. The speaker told of the advantages of good cows, the various uses to which the milk could be put, and the profit in this farm adjunct.

GARDENING ON TEXAS FARMS NEGLECTED.

"Gardening on the Texas farms is sadly neglected, I am sure, after traveling over much of the state and observing carefully," said Miss Lawrence, "showing that not only is the garden necessary to cut down the grocery bill of the farmer, but that it is badly needed to maintain the health of the farm workers. The garden also could make a ready money maker in addition to furnishing much for the table," said the speaker, and once the girls and boys realized this they would raise much on the gardens to sell in the market. "Gardening could be done successfully and profitably by the girls on the farm," said Miss Lawrence, "at least half of the money made by the boys and girls should be saved, this to form a foundation for thrift and prosperity."

A cruise of the extension department, State university, stated that the present high price of groceries ought to teach all farmers and others the wonderful value of a good garden, and that a certain spot on each farm should be set aside for a garden, properly enriched and cared for annually. He told of the value of fall and winter plowing, the need of scientific fertilizing and renewing of the soil, and said that half an acre ought to furnish plenty of garden truck for a family of five. Seed selection is important.

A New, Harmless Way to Banish Hairy Growths

(Beauty Topics)

By following this suggestion any woman can, in the privacy of her own home, remove every trace of hair or fuzz from her face: With powdered delatone and water mix enough paste to cover the not wanted hairs; apply and in 2 or 3 minutes rub off and wash the skin. This method is unfeeling, harmless and quick in results, but care should be employed to get the genuine delatone.

short step from the feeding of the animal to the milk." He also dwelt on the necessity of raising hogs, and told of the best methods of feeding and caring for swine. He gave an instance of the feeding of three pigs, all of them on different lines of feed, showing that the "run" of the bunch, which had been fed on a balanced ration, came out far ahead in the end both as to weight and net financial profit to the owner. "Every man on a farm should use his head all the time," said the speaker, "and brains would yield returns there as richly as anywhere."

DR. HENRY GRAFKE MAKES TALK.

Dr. Henry Grafke of the United States bureau of animal husbandry, spoke briefly on the need for such eradication, and announced the coming visit of L. J. Allen of Fort Worth.

E. F. Drake explained the plan of bringing better milk cows to Waco for the purpose of selling them to farmers and dairy owners at actual cost, in order to encourage the raising of such cattle here. "Most of those brought at first would be Holsteins," he said, "though not all. The Chamber of Commerce wants to see and will insist on a record of each animal in the way of breeding and registration. It is hoped to make of McLennan county a noted place for such stock and a real market." He said that Messrs. Bayless Earle and Wesley Mann would soon go to the point where the cattle were to be bought.

It was announced that the team would go from Waco to Hillsboro, leaving Waco this morning and speaking in Hillsboro this afternoon. It had been intended that the team should visit China Springs last night, but owing to the condition of the roads this trip was postponed.

THIS MAN SAYS HE COULDN'T TAKE OFF COAT WITHOUT HELP

JERNIGAN HAD RHEUMATISM SO BAD HE COULDN'T RAISE HIS ARMS—TANLAC MADE WELL MAN OF ME," HE SAYS.

"I simply suffered torture with rheumatism for years and when I found out about this Tanlac I was so crippled up that I just could manage to hobble around a little by using a walking-stick," said Will V. Jernigan, while in Klesling's Drug Store at Houston, Texas, a few days ago. Mr. Jernigan has been an employee of the Ramsey state government for several years. He is now located at the Ramsey State Farm at Otley, Texas, and is a well known citizen of that place.

"My troubles began in 1908," continued Mr. Jernigan, "and ever since then I simply suffered agony nearly all the time until Tanlac relieved me. The rheumatism was all through my entire system, and my arms and legs, shoulders and back were all so badly affected that I could hardly move. I spent a whole year at the hot wells of Marlin, taking treatment, but got no relief. I left there and came home and for forty days I couldn't walk, and was just barely able to hobble around a little by using a stick. I couldn't undress myself—couldn't even raise my arms to take off my coat—and was completely down and out and absolutely helpless.

"I was all run-down and bilious and had no appetite. I was terribly nervous and felt so bad all over I could hardly sleep at all. I used liniments of all kinds, took every medicine I could hear of, but it didn't do me any good. I was just a nervous wreck, how much money, but I just kept on suffering. It seemed that my case was a hopeless one and I had just about despaired of ever getting anything to help me.

"When I read in the papers about the good Tanlac was doing other poor sufferers, I just wondered if it would help me, too. I had my doubts about it because everything else had failed, but I decided to take a chance and try it anyway. And believe me, I'm mighty glad I did, for it has made a well man out of me, and I would take time day or night to tell anybody what it is that has gotten me out of my terrible suffering. I have taken three bottles and you can see for yourself how well I look and how easy I can walk. I haven't an ache or a pain about me now and I sleep like a rock. I can use my shoulders and arms just as well as I could when I was a boy and I'm entirely free from all nervousness. My appetite couldn't be better and I can eat anything and have gained seven pounds in weight, too. After Tanlac has done all this for me I could be ungrateful not to tell others about it."

Tanlac is sold in Waco by Morrison's Old Corner Drug Store, under the personal direction of the special Tanlac representative.—Adv.

SPANELL TRIAL IN PROGRESS; SEVERAL WITNESSES HEARD

CONTINUED FROM PAGE ONE.

witness said, if he "ever saw Butler do anything he would never stop shooting. They are getting too familiar."

WATCHED BUTLER, WITNESS TESTIFIED.

This conversation, witness said, occurred two weeks before the shooting after Mrs. Spanell had left her husband in the dining room of a hotel, saying she was going upstairs to see a maid about making some clothes. Witness testified Spanell went part of the way up the back stairs in the hotel, then came back, saying "He followed her up there." Spanell referred to Butler, witness said.

J. W. Downum, who said he and his wife had charge of the dining room before the shooting, testified that Spanell asked him about a month before the shooting if he ever saw "anything wrong" between his wife and Butler. "I said no," witness testified. "Spanell said he thought he had cause to be jealous. I said, 'If you think that you had better leave her,' he said, 'that's what they want.'"

Downum testified he saw the Spanells and Butler together several times after that at picture shows and automobile riding.

Both Downum and his wife testified that Colonel Butler stopped at the hotel two months before the killing and that Mrs. Butler was there one month. They dined at the hotel at the same time as the Spanells, but never sat at the same table. The Spanells lived with Mrs. Spanell's father, Col. John Holland, but conducted the rooms of the hotel and dined at the hotel regularly.

WOMAN DENIES SHE TOLD OF SCANDAL.

Defense brought out on cross-examination of Mrs. Downum that an understanding existed between the Downums and Spanell that the Downums would relinquish charge of the dining room as soon as their year was up. Spanell "kicked about the way things were done," Mrs. Downum testified. She denied when questioned by the defense that she had ever told Spanell that there was considerable unfavorable comment about Mrs. Spanell and Butler in Alpine.

James Dodd, said by defense attorneys to be their most important witness, whose absence came near causing the case to be continued until the May term of court, and C. W. Livingston, both of Alpine, for whom attachments were issued yesterday morning, arrived this afternoon in the custody of a Texas ranger.

Mrs. Butler, wearing mourning, was in court this afternoon for the first time. All witnesses were instructed by the court to remain in the custody of the sheriff and to not read newspapers.

MAN CHARGED WITH KIDNAPING OF TEACHER KILLED AT GUTHRIE

By Associated Press.

Oklahoma City, Okla., Jan. 18.—Charged with sending obscene matter through the mails, and with two charges of murder pending against him, John M. Couch, about 40 years old, is in the federal jail at Guthrie, where he gave himself up late today, after a fast automobile drive from Oklahoma City. He fled from here shortly after the killing of Nellie M. Dunn, 27 years old, a local school teacher, and Rowland D. Williams, a music teacher and composer, and for which the two murder charges were placed against him.

Last summer after his wife, Mrs. Mary D. Couch, had obtained a divorce from him, Couch is said to have sent threatening letters to Miss Dunn, who was his sister-in-law, and to his wife. He also threatened the life of his daughter, Mary, 10 years old.

Wednesday Couch arrived at Norman, Okla., from New Orleans, took an interurban car to Moore, where he secured a horse, and rode to Oklahoma City. Wednesday night he met Rowland Smith, a druggist, and asked him to help him effect a reconciliation with his wife, according to the police. After failing in his efforts, to again join his wife, Couch drove to the Wheeler school, where Miss Dunn taught. He called her from her room. It is alleged, and shot her. Then he was driven to the studio of Rowland Williams, who was said to be a close friend of Miss Dunn, and shot him to death. Couch then fled to Guthrie, where he gave himself up to federal authorities.

Couch is held at Guthrie on capias warrants issued after being indicted by the federal grand jury at Enid last summer on charges of sending obscene matter through the mails. This charge, it is believed, will not be pressed and he will be turned over to Oklahoma county officials to answer the murder charges.

Wife Gives Information.

Federal authorities have been searching for Couch since last September when he was indicted at Enid. Several times traces of Couch have been reported and deputy marshals have traveled several hundred miles on the strength of clues. His wife reportedly informed federal officials here when she received letters from him. The letters, in which Couch threatened the life of his wife, her sister and his daughter, came from various cities in the southwest. His indictment for sending obscene matter through the mails was the result of his wife's complaints.

LAWYER SAYS LIFE OF WILSON THREATENED

By Associated Press.

San Francisco, Cal., Jan. 18.—That President Wilson's life was threatened by an anarchistic organization known as the "Blasters," of whom Thomas J. Mooney, on trial here for murder, was a leader, will be shown by evidence to be presented in Mooney's trial. Assistant District Attorney Edward A. Cunha declared today in his opening address to the jury.

"I will prove," said Cunha, "that these men plotted revolution against the government. I will prove that they said in an edition of 'The Blast' the weathercock in the White House had better watch out. Suppression of the voice of discontent leads to assassination."

Cunha quoted an article in Berkman's paper, "The Blast." "We want to warn the weathercock in the White House that it may not prove safe. Suppression of the voice of discontent leads to assassination." "Vide Russia," read the article written March 4, 1916, in protest of alleged federal suppression of free speech in Chicago and New York.

department of Switzerland, endorsed the efforts of the League to Enforce Peace, and said that Switzerland is well placed to appreciate the work in which the United States has taken the initiative, because surrounded on all sides by war, peopled by the race and inheriting the language and the culture of three among the combatant nations, she is better able than any other country to realize that war is contrary to the superior interest of civilization.

Juan Riano, ambassador from Spain, sent a letter inclosing a cablegram from Amalio Gimeno, minister of foreign affairs of Spain, who said Spain is following with keen sympathy the idea of establishing after the war an international peace league and will lend its aid to "realization of such a humanitarian and lofty project."

Erik Scavenius, minister of foreign affairs for Denmark, wrote that the object for which the league to enforce peace is working, namely compulsory arbitration for international differences not settled by diplomatic negotiations has full sympathy of the Danish government and that Denmark would esteem it a valuable gain for the peace of the world if the principles of international arbitration attain general recognition.

JAPAN VISCOUNT APPROVES MOVE.

A message from Viscount Motono, the Japanese minister for foreign affairs, transmitted through the Japanese ambassador at Washington, said as follows:

"I have noted with interest your unrelenting efforts to secure the world against a repetition of the present convulsion. All proposals directed to effect so desirable an end must be welcomed and carefully studied by everyone to whom peace and good will are not empty names and who has any regard for humanity."

Don't Fear Attack.

By Associated Press. WAGGON INTRODUCES HIGHWAY BILL IN STATE LOWER HOUSE

Special to the News.

Austin, Jan. 18.—A big advance in the development of the highways of Texas was made today by the introduction of a state highway commission bill by Col. William A. Poage of Waco. Colonel Poage's bill provides for three commissioners who shall be paid per diem while at work and two ex-officio commissioners, one each from the highway department of the state and the University of Texas. Nothing but graduate engineers are provided for in the bill. He expressed himself as opposed to men trying to run such a commission who were not fitted for the work to be done. It is believed that the Poage bill will go through.

After several meetings of the appropriations committee have been held, it looks as if the appropriations bill will reach the unprecedented sum of \$20,000,000. A portion of this unusual amount is due to old debts against the penitentiary system.

The greater portion of the day in both house and senate was devoted to meetings of the various committees. This was the first day since the legislature convened that the prohibition question was not featured.

Will "Red Ball" Coal Into Chicago

By Associated Press.

Chicago, Jan. 18.—Railroad officials of all lines centering in Chicago are today to give coal shipments to this city preference over all other commodities except perishable goods. This, according to coal dealers, public officials and railroad men, should relieve the threatened scarcity of coal. In addition the public utilities commission late in the day issued an order in the coal re-consignment hearing, which also was calculated to prevent delay in the delivery of coal.

SOUTHERNERS CAN SURE SHOOT.

As to the condition of other national guard regiments General O'Ryan said he had changed his previous view that the New York troops would be shown to be much superior. The Third Tennessee regiment and some of the Indiana and Minnesota troops he was familiar with, he declared, were fine, efficient organizations. Of the Tennessee regiment he added:

"It was a fine regiment. Anything those men turned their rifles loose on was gone." The three officers were not agreed as to the effect on the mobilization of national guard enlistments. General O'Ryan said it differed in different localities in his state. Captain Burns thought most of the men who served on the border would go out again if another call came within a few months after their return.

President Wilson Urges Congress to Speed Up

By Associated Press.

Washington, Jan. 18.—Speeding up of consideration of the legislative program generally was urged by President Wilson today during a brief visit to the capital. While he devoted his conferences with senators and representatives chiefly to discussing the general dam bill now in conference, he mentioned other measures in which he is interested, including those introduced as a result of the railroad strike threatened last year.

The president, it was learned tonight, is very desirous of avoiding an extra session of congress.

Three Men Named to Select Site for Plant

CALOMEL MAKES YOU SICK, UGH!

"DODSON'S LIVER TONE" BETTER THAN CALOMEL AND CAN NOT SALIVATE.

Calomel loses you a day! You know what calomel is. It's mercury, quick silver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

NATION TO HONOR ADMIRAL DEWEY SATURDAY MORNING

By Associated Press.

Washington, Jan. 18.—Plans to make Admiral Dewey's funeral service Saturday one of the most impressive ceremonies of national affection and honor ever accorded in American history were completed today by executive officials and congress.

Committees of the senate and house arranged details of the public service to be held in the rotunda of the capitol at 11 o'clock and the navy department, which will have charge of the cortege following the body down Pennsylvania avenue and across the oftomatic to Arlington cemetery, arranged to bring as many units of the naval, marine and military forces as possible to act as an escort of honor.

During the day congress adopted resolutions providing for recess of the senate and house during the services and extending invitations to the president, the cabinet, justices of the supreme court, the diplomatic corps and high army and navy officers. Virtually all of those invited are expected not only to attend the capitol services but to have places in the cortege.

A committee consisting of Senators Tillman, Swanson, Bryan, Clapp, Lodge, Page, Dillingham, Kern, Gallinger, Overman, Saulsbury and Smoot was appointed to officially represent the senate at the services and at the funeral at Arlington. A similar house committee of twenty-five will be named tomorrow and many patriotic societies and other bodies also are expected to send representatives. Word came today that Vermont, the dead hero's native state, would be represented by Governor Graham, Adjutant General Tillotson, the entire delegation in congress and a committee of the state legislature.

Catholics Arrested in Mexico to Have Trial

By Associated Press.

Mexico City, Jan. 18.—Archbishop Jose Arozco Jimenez of Guadalajara and Bishop Miguel De La Mora of Zacatecas, who were arrested recently in the state of Zacatecas on a charge of conspiracy against the government will be tried by court martial under the law of 1862, which provides the death penalty for sedition. The government authorities here say the men will be given every opportunity to prove their innocence.

It is alleged that the prelates who had been in the United States for two years on returning to Mexico in December furnished financial aid to the followers of Francisco Villa. It is stated that when the government troops captured the village of Monte Escobedo they found the prelates among the bandits taken prisoner.

Some of the most prominent attorneys in Mexico have been retained to defend the archbishop and bishop. They will leave for Zacatecas tomorrow. The trial is set for next week.

Senator Offers Amendment for World-wide Peace

By Associated Press.

Washington, Jan. 18.—Senator Shafroth today urged the senate judiciary committee to approve his resolution for a constitutional amendment which would permit negotiations of treaties engaging the United States to submit disputes threatening war to an international tribunal and engaging to contribute to the support of any military establishment necessary to execute its decrees. Senator Shafroth explained that it is necessary to change the constitution because a treaty of this kind in effect takes the power of war-making from congress and places it with the tribunal.

Oscar S. Crosby, one of the originators of the enforced peace idea, said he believed President Wilson's peace note meant that the chief executive was ready to negotiate to engage the United States to give up to an international tribunal its right to make war.

Army to Purchase Large Supply of Lumber

By Associated Press.

Douglas, Ariz., Jan. 18.—Depot quartermasters at El Paso, Brownsville and San Antonio have called for bids for several million feet of lumber for cantonments at a number of border points, according to word received by local lumber dealers. Army officers here interpreted this to mean preparations for any indefinite stay of United States troops on the border.

The bids call for construction of buildings at Camp Wilson in Fort San Houston, San Benito, McAllen, Laredo, Eagle Pass in Texas; Columbus, N. M.; Douglas, Naco, Nogales and Yuma, Ariz. Bids are to be opened February 1, and construction is to begin as soon as possible after that date.

English Farmers Kicking Against Army Plan

By Associated Press.

London, Jan. 18.—The government's decision to call half of the skilled agricultural workers to the army and replace them by men who now are assigned for sedentary work or women has evoked a flood of angry protests from the farmers. There also is a deal of sharp press criticism on the unwisdom of such a course at a moment when the national interests imperatively demand that the utmost possible amount of foodstuffs should be home produced and when the public is being exhorted to devote its whole energies in this direction.

PRESIDENT LIKELY NOT TO ANSWER SECOND PEACE NOTE

By Associated Press.

Washington, Jan. 18.—There probably will be no separate reply to Great Britain's supplemental note to President Wilson regarding peace delivered to the state department yesterday. Officials of the administration frankly are gratified over the tone of the communication and construe it as an endorsement of the president's suggestion of a world league for peace, but no formal statement on the subject is considered necessary at this time and it has not been decided what shall be the next move on the part of the United States.

The reference in the British note to the necessity for some form of international sanction behind treaty agreements and international law drew from German sources here today an authoritative statement that Germany under no consideration would enter a league to preserve peace if she should emerge from the war much more greatly damaged than her enemies.

FIVE WACOANS ELECTED TO REPRESENT LOCAL ORGANIZATION AT MEET OF ASSOCIATED AD CLUBS OF TEXAS NEXT MONTH.

Delegates to the annual meeting of the Associated Ad Clubs of Texas, to be held in Dallas February 8 and 9, at the Oriental hotel, were elected last night by the members of the Waco Ad club, which held its regular meeting in the Gold Room of the Hotel Raleigh. Representing the local club, the following will attend the convention: W. V. Crawford, F. A. Gildersleeve, J. W. Carlin, E. C. Blomeyer and C. B. Harman. Alternates named were E. A. White, C. K. Chambers, Eaton Williams, Louis Crow and Stanley Mayer.

Other than the delegates named, it is expected that fifteen or more members of the club will attend this annual state meeting.

EXPECT LARGE NUMBER TO GO TO ST. LOUIS.

Reporting for the On-to-St. Louis committee, members of this committee stated that there was a good chance of a large number going to the convention of the International Association of Ad Clubs of the World, which will be held in St. Louis from June 3 to 7. Several have already pledged themselves to make the trip. It is desired that a large delegation go from Waco. A special train may be chartered for the trip if enough are secured to make the trip.

E. C. Blomeyer, chairman of the committee on Library Week, reported that indications point to this occasion being very successful, that matters are shaping up fast and that designs of posters are being received daily. The Ad club is offering a \$10 cash prize as an award for the best design or poster submitted to the club for the library.

This letter from Secretary Florence was referred to the committee chairmaned by E. A. White; this committee being in charge of arrangements for the talk here by Mr. Walton.

Two visitors present at the meeting last night made short talks. They were Sidney F. N. Carriger of New Orleans and M. Grimes of Lampasas.

World Uses Less Sugar During Past Year

Washington, Jan. 18.—America's sugar consumption in 1916 was less than in any year since 1912, according to estimates today by the department of commerce. Heavy exports and lighter imports, coupled with a poor American crop, kept the per capita consumption down to 74.13 pounds against 84.06 the year before and 89.14 in 1914.

The world's production declined last year more than 4,000,000,000 pounds. These conditions are blamed by department officials for the present high prices of sugar.

FIVE NEW ADMIRALS OF NAVY NOMINATED BY PRESIDENT WILSON

By Associated Press.

Washington, Jan. 18.—Five new rear admirals of the navy authorized by congress at the last session were nominated today by President Wilson. Four of the nominees are departmental bureau chiefs whose positions carry the rank of rear admiral during the term of office, and the fifth is Dr. Cary T. Grayson, the president naval aide and physician and now a passed assistant surgeon with rank of lieutenant commander.

The bureau chiefs who now become rear admirals in their own right regardless of their positions in the department are:

Frederic R. Harris, civil engineer, lieutenant commander, chief of the bureau of yards and docks.

William C. Bralsted, medical director, commander, surgeon general and chief of the bureau of medicine and surgery.

Samuel McGowan, pay director, captain, paymaster general.

David W. Taylor, naval constructor, captain, chief of the bureau of naval construction.

The last naval appropriation bill provided for two rear admirals to head the list of medical directors and one each among the civil engineers, naval constructors and pay directors. Heretofore captain had been the highest permanent rank among these corps.

Dr. Grayson, who is promoted from far down on the medical corps list, has been attached to the white house since the Taft administration. He has been chief of the medical corps and besides serving as aide and keeping his chief in physical trim.

He has become the president's friend and companion. The doctor recently passed the examination for the grade of medical director. He is 38 years old, a native of Virginia and entered the navy in 1903.

HALF INTEREST IN PEERLESS BUILDING BOUGHT BY RANDLE

DEAL CLOSED SHORTLY BEFORE NOON YESTERDAY—EFFORTS TO BE MADE TO EXTEND WHITE WAY AS SOON AS POSSIBLE.

Peyton Randle owns half interest in the Peerless building, located on the southwest corner of Franklin and South Fourth streets, as the result of a real estate deal which was completed and announced shortly before noon yesterday. Interest in the building cost Mr. Randle \$137,500, according to a statement he made yesterday afternoon over long distance telephone from Austin, where he went immediately after the papers were signed.

"I have moved my office in the lower floor of the building," stated Mr. Randle. "Mrs. L. D. Smith will remain in charge of the building as she has in the past. The deal whereby I gained the one-half interest was not closed until a short while before noon today." Lieutenant Governor W. P. Hobby, owner of the Beaumont Enterprise, and his brother, Edwin Hobby, vice president and cashier of the Security National Bank of Dallas, own the other half interest in the structure.

Mr. Randle stated that every effort will be made to get the white way on Franklin street as soon as possible.

Jury Completed to Try Case of Belton Man

By Associated Press.

Georgetown, Jan. 18.—Taking of testimony began today in the case of Wilbur F. Lewallen of Belton, charged with killing Roy McKinley in Temple several months ago. The jury which is trying Lewallen was filled at a night session of the district court.

McKinley was a brother of Robert W. McKinley, an appointee in the state labor department at Austin.

One hundred witnesses have been subpoenaed from Bell, McLennan and adjoining counties.

Several New Bills Filed in Senate

By Associated Press.

Austin, Jan. 18.—The senate committee on criminal jurisprudence today made an unfavorable report on the bill by Senator Johnson, which sought to remove the common resort clause from the game laws, the effect of which would be to prohibit gaming at private residences.

Notice of a favorable minority report was given by Senator Lattimore. The committee on civil jurisprudence reported favorably these bills today:

By Alderdice: Requiring that the consent of the parties to appear of record when a district judge tries a case without jury in vacation time.

By Hudspeeth: Increasing the salaries of district judges to \$4000 a year.

By Bee: Requiring attorneys to make applications to stand for examinations to make such application in the district where they reside.

By Dean: Prohibiting the operation of pool halls for profit.

By Bee: Allowing an appeal to lie where a motion to vacate a receivership is overruled by a district judge.

By Bee: Providing that foreign corporations transferring a cause wherein they are a party, from state to federal courts, shall forfeit their permit to do business.

Four Day Thrift Campaign Here Ends With Address Last Night

Ending the four days' campaign in Waco on the subject of Thrift, Dr. David G. Latschaw of New York City last night spoke at the Chamber of Commerce rooms after having had a strenuous day of talking throughout the city. A large crowd was present to hear the last address of this distinguished lecturer on this subject.

Places at which Dr. Latschaw spoke yesterday were: To the Padgett company employees at noon; before the pastors of the city at 1 p. m. at the Young Men's Christian association; to Toby's Business college students at 4 p. m.; to the Working Boys' club at 8 p. m.; and at the Chamber of Commerce at 8 p. m.

From Waco Dr. Latschaw will go today at noon to Houston, where he is to deliver addresses for four days. From Houston he will go to San Antonio to speak for three days. Leaving the border city Dr. Latschaw will return to New York.

DISCUSSES THRIFT IN THREE OF ITS PHASES.

Speaking at the Chamber of Commerce last night Dr. Latschaw emphasized and discussed the question of Thrift in three of its phases, as follows:

1. As a basis of efficiency.
2. As a developer of character.
3. In relation to national preparedness.

Mr. Latschaw first defined thrift as the science of division—the right apportionment of time, strength and income, the cost of which represents the investment of time and strength. Illustrations were drawn from the experiments of Fredrick W. Taylor of Philadelphia, in brick laying and the carrying of pig iron. It was shown that remarkable saving of time and strength could be achieved through attention to hitherto neglected waste matter and energy.

The speaker then stated three principles involved:

1. Science instead of "rule of thumb."
2. Harmony, not discord.
3. Co-operation rather than individualism.

In terms of money the efficient man or woman is the one who rightly apportions income, to give his life its largest expression toward God, his neighbor and himself," said Dr. Latschaw. "Perhaps the New Testament writer had this in mind when he said in a letter to a young man, 'Study to show thyself a workman who needeth not to be ashamed, rightly dividing the word of truth.' Thrift is the appli-

cation of truth to the economic life." The speaker then emphasized the value of personal accounts and the use of a budget system in personal and family expenditure.

THRIFT GIVEN LARGE PLACE AS CHARACTER DEVELOPER.

As a developer of character thrift was given a large place. "Decision of character, self control, honesty with one's self, honesty as to the claims of others, all grow out of a right practice of thrift," declared Dr. Latschaw. "The idealist and the economist are finding much common ground in modern days," said the speaker. "The modern capitalist of industry enforces temperance in his organization because he knows that it is a poor investment to take into his force a man with a muddled brain and power depleted by dissipation. The man with labor and skill to sell must exercise temperance because he knows that unless his powers are at their best he cannot compete in the labor market. Even the saloonkeeper demands that his bartender shall be a sober man. Once the propaganda of temperance was thought to be the exclusive function of the idealist. Now it is the function of every man who would be efficient in the world's work," said Dr. Latschaw. "Poverty in character is worse than poverty in money."

The speaker characterized modern efficiency by the man at whose door the wolf of want howled, but who so met the situation that the next day his wife was wearing wolf skin furs.

OUTLINES OPPORTUNITIES OF AMERICA IN FUTURE.

Considering thrift as a civic and patriotic duty, the speaker said that "if America is to have her place in the sun tomorrow, she must learn to be a thrifty nation today." He outlined America's world opportunity in the days ahead as a leader and benefactor of the nations. Whether right or wrong every European nation at war is laying up through self-sacrifice and thrift of material resources, such values and character and efficiency as to fit them as never before in their histories for places of influence and power in the world. America to fill her place as a leader in the world must be ready to pay the price. We must possess our gold and allow it to possess us."

FROM THE AMERICAN FARM.

According to an investigation made by the Association of American Colleges, a third of all ministers from the farm. Statistics compiled by the association also prove that there is not much truth in the statement that a minister's son never makes a minister. Eighteen per cent of all ministers have followed the calling of their fathers. Homes of physicians supply 2 per cent of the pupils, clerical workers 4 per cent, carpenters 5 per cent, merchants and laborers 8 per cent, and all other vocations 20 per cent. Perhaps in all other noble professions at least a third of the successful men come from the farm. American farms since early history furnish men of the strongest kind in every walk of life, in every vocation, in every profession. About as many sons of preachers follow the calling of their fathers as do sons of any other class. This is as it should be. New statistics concerning ministers are interesting in this day and time when the call for ministerial and other righteous work in the world was never before as strong as it is now. The Association of American Colleges has made an interesting statistical contribution.

A bill has passed the senate which provides that liquor advertisements, in circulars, newspapers, or otherwise, into states which prohibit advertising or solicitation, be barred from the United States mail. It now goes before the house, and supporters of the bill declare that it is very likely to pass. It also provides that postmaster general issue bulletins, from time to time, giving lists of states which prohibit liquor advertising. This is another wave of the incoming tide. The tide is sure to win.

Almost daily some newspaper breaks the line and refuses to take liquor.

One doesn't have to strain his eyes or use a telescope to see the United States a dry nation in the not far distant future.

Claude Callan, while "cracking at the crowd" in the Fort Worth Star-Telegram, says, "It is important that a girl learn how to play the piano but it is even more important that she learn how to cook. An average husband can afford a phonograph, but he is not able to hire help." Whether a young man admits it or not, he really wants to know, among the many things his intended has accomplished, is whether or not she has mastered the pots and the pans. So often nowadays the honeymooning starts to bump the bumps about the time wifey begins to do the cooking. A man must live. People have to eat. The wise maidens know it, too.

There have been greater sea fighters in the American navy than Admiral Dewey, but he was one of the most picturesque figures who ever commanded an American vessel. The Spanish hulks which he sank in Manila bay were, not equipped for hard fighting, but his attack was made with a boldness which showed that he did not stop to inquire about the consequences. In song and story that exploit will live as one of the great achievements of the American navy, and productive of momentous consequences.

A Houston attorney has written to members of congress asking the house of representatives that the prohibition question be divided and "beer" and "liquor" measures be considered independently. Wholesale liquor dealers have been advocating for some time that the sale of liquor and beer be separated. Some have even suggested that beer be made milder and the use of strong drink encouraged less so as to give the leading beverage a better standing in the eyes of the intelligent public. Liquor dealers and their friends fear the incoming tide. They want to do the natural thing. They want to save themselves. "Self-preservation is the first law of nature."

The Texas and Pacific railway, in the hands of a receiver, is preparing to spend \$3,000,000 upon betterments. Things are indeed looking upon in Texas when the T. & P. catches the spirit of progress. It was among the first to build, and is among the last to rebuild.

LIVESTOCK RAISER—HIS PROFITS.

Livestock markets over the country during the week just closed were a feast for the livestock raiser. All kinds of killing cattle gained 10 to 15 cents during the week and on stockers an advance of 15 to 25 cents was chalked up. Hogs held their own. Cattle, hogs, poultry, peanuts, potatoes, corn and other small grains—these are the fortune-makers, the mortgage lifters, and they will be classified the same next year. Texas is the home of them all.

STATE HIGHWAY DEPARTMENT ESSENTIAL.

The move for a state highway department is a simple business proposition. It is an effort to correlate and organize the many, the entirely too many, separate agencies through which Texas road funds are expended. It is an effort to do away with extravagance by putting the good road extensions on a business basis. What is needed is an organization upon which the taxpayers can place the finger of responsibility. No one denies that large sums are wasted annually by faulty constructions of roads and that other extravagancies in construction of roads and distribution of funds are almost as common. It is time for Texas to place itself in line with about forty-five other states in the Union which have adopted the state highways department plan. There is a danger in the plan of going to the extreme, but there is no excuse for Texas going as extreme. Texas should profit by the mistakes of all other states and avoid any overloaded authority, or powerless commission. When Texas has established such a department good road building will be put on a more substantial basis, haphazard methods and disorganized extravagance in good road building will then be replaced by economical efficiency. Then it will not be long until a system of good public roads will be established in the Lone Star state which will be uniform in construction, continuous between counties where traffic demands it, and well maintained at a reasonable cost to the public.

Think of the difference in the cost of living in Chicago and in Texas. What are called "fresh eggs" can not be bought in Chicago for less than 60 cents per dozen. But do Chicago people know how real fresh eggs taste? Fresh Texas eggs ought to bring more than that in the Windy City. In Texas it's different. When it comes to the high cost of living in the Lone Star State—well, it could be worse.

Farmers over the country have their cotton and corn lands ready to plant. This is one form of preparedness which all should glory in. The rains are coming, then the good crops, then the harvest. He who can not see prosperity and good times ahead for Texas, must be in the class of human beings who see only the hole when they look at a doughnut.

The suffragettes have smiled on Waco. The board of the Texas Equal Suffrage Association has selected Waco as the place for its next annual convention, which will be held for three days, commencing May 15. Organization works wonders. The women are organized. Their influence has been felt the nation over, and woman's suffrage is only in its infancy. Some things are inevitable. It looks as if nation-wide woman's suffrage is one of them. Waco will have woman suffrage three days for certain.

Marlin, Jan. 18.—The directors for the Falls county organization of the King of Trails highway extending from Winnipeg, Canada, to the Gulf have been named by County President Claude Beard and include Theo W. Hander of Perry, Alex R. Scheef of Marlin, Peter Jund of Otto, Henry Barton, commissioner of the Marlin precinct, W. J. Walker of McClahan, Dr. H. P. Curry and Ed Lloyd of Reagan, Pleasant Anderson, commissioner of the Reagan district, J. H. Primm and Roy Eddins of Marlin. Each of the men named either reside or own property on the Falls county branch of the King of Trails. They will be called together soon for final organization.

A report from the county tax collector's office shows that there has been issued to date poll tax receipts covering less than 60 per cent of the voting strength of the county, and although only two weeks more stand between those who have not paid and citizenship Collector Turner is of the opinion that he with his corps of assistants will be kept busy issuing "citizenship papers" each of the remaining days. With approximately 5,000 assessments slightly more than 2,800 have paid their poll taxes.

City Marshal Frank Stallworth has returned from Navasota bringing with him Gates Ross, a young white man charged with theft of an overcoat. The coat was the property of one of the Marlin firemen and was recovered. A charge of theft was filed against him in the justice court.

County School Superintendent G. A.

Pringle has been proffered a position on the faculty of the summer normal school at the Agricultural and Mechanical college by Dr. W. B. Bizzell of this institution, and is preparing to accept the place. Mr. Pringle served in this capacity at the same institution in the 1916 session and Dr. Bizzell in his letter told him that his services were very acceptable. Mr. Pringle will probably be assigned the classes in mathematics.

The case of Mrs. Mary Anders vs. W. J. de Bardeleben and others is still before Judge Munroe today and is progressing slowly. The case is a partition suit and is being bitterly contested.

Goree

Goree, Jan. 18.—The people of this section are rejoicing over the snow fall which began Sunday about 10:30 and continued until some time Sunday night. Altogether about three and one-half inches fell. Today it is melting. Wheat had begun to offer a great deal, but the season for this snow will be sufficient to revive the wheat and advance the farming interest of the country considerably.

As a consequence of the bad weather many people are complaining of colds. Several cases of pneumonia have been reported.

Woodrow, the one-year-old son of Mr. and Mrs. J. O. Peek, who live five miles northwest of town, died last Sunday and was buried Monday in the Goree cemetery.

Rosebud

Rosebud, Jan. 18.—At an early hour yesterday morning fire completely destroyed the large two-story barn and its contents of Adam Piper, west of Rosebud. The fire started in the hay in the second story and the entire roof was enveloped in flames when discovered. Mr. Piper had nearly all of his horses, mules and cows enclosed in the barn to protect them from the severe cold spell and he had a great deal of trouble in getting his stock out of the barn. One of his fine buggy horses pulled loose from him and ran back into the burning barn and was burned to death. The barn was valued at \$1200, which was a total loss, and the contents were valued at \$1800 and the horse at \$150.

George W. Irwin, one of the oldest settlers in this county, fell dead this morning about 11 o'clock near the J. L. Scarborough store, six miles east of here. Mr. Irwin had not been in good health for some time. He is survived by his wife and several sons and daughters, who reside in this county.

SENATE VOTES FOR SUM TO ASSIST SUMMER SCHOOLS

By Associated Press.

Austin, Jan. 18.—Senator Dean obtained the final passage today in the senate of his bill making an appropriation of \$15,000 for each of the four white state normal schools in the state, which money is to be used in teaching summer sessions. An amendment offered by Senator Hopkins was adopted, increasing the amount to \$20,000 for the state normal at Denton.

The senate also passed finally the bill by Senator Johnston making an appropriation of \$50,000 for a new dormitory at Prairie View normal; a bill by Senator Decker making an appropriation of \$135,150 to build a new dormitory and power plant at A. and M. college.

The senate adjourned until 10 o'clock tomorrow morning.

American Warships Visit Danish West Indies

By Associated Press.

Saint Thomas, D. W. I., Jan. 18.—A fleet of United States warships aggregating thirty or more vessels carried out maneuvers off St. Thomas today. The populace was greatly excited over the visit of the American ships.

The warships comprise the Atlantic fleet, which is bound for Guantanamo, Cuba, for winter drills and target practice.

Salt Lake City Without Water

By Associated Press.

Salt Lake City, Utah, Jan. 18.—Salt Lake today is without city water, due to the draining of reservoirs for fire fighting and the freezing of the mountain streams which supply the reservoirs.

The city commissioners have decided on extreme measures. It is planned to open the dams of three lakes, located at an altitude of 5500 feet, where the snow now is thirty feet deep and the temperature forty degrees below zero.

American Under Arrest.

By Associated Press. Brownsville, Jan. 18.—Luis de la Rosa, leader of the lower valley border raids in 1916 and wanted in the United States, is under arrest in the Monterey penitentiary, according to Mexican newspapers reaching here today.

De la Rosa and a half dozen other army men and civilians are charged with plotting to turn Monterey over to a supposed Felicista force, the papers say.

A few weeks ago de la Rosa was reported to have been executed.

"A World of Pleasure" Makes Distinct Hit at Auditorium

GRACEFUL DANCING, CATCHY MUSIC AND PRETTY FACES COMBINED IN COMEDY.

It is seldom that one is permitted to see so many good actors and so much good acting in one troupe as go to make up the highly entertaining musical comedy, "A World of Pleasure," which appeared at the Auditorium last night. There was graceful dancing, sweet and catchy music, real comedy, spectacular setting, gorgeous costumes and pretty faces galore. So that this production easily takes its rank with the very best of musical comedies.

Rosie Quinn, who has just recently graduated into playing principal roles, has a personality of peculiar charm. She is graceful, pretty and original to an unusual degree. It seems natural for her to take advantage of the occasion and do intuitively the things which please. She easily ingratiated herself with the audience last night.

The Courtney sisters seemed to make the biggest hit with the audience, and their reception was well deserved. Their voices, contralto and soprano, are well blended, and highly cultivated; and the audience recalled them again and again.

Frank Conway and George LeMaire, in black face comedy, are comedians of rare talent; they kept the audience in continuous laughter as long as they were on the stage.

William Norris, in various roles, shows remarkable versatility and talent. He successfully plays the heaviest parts of the performance, and the complete success of the play depends largely on his acting.

Wanda Lyon, Franklin Batie and Helen McMahon are each deserving of special mention. In fact, every member of the company has an important part in the very marked success of this most enjoyable comedy.

"Experience." George V. Hobart's modern morality comedy-drama, will be offered at the Auditorium January 22 and 23, when William Elliott, F. Ray Comstock and Morris Gest will send their famous New York organization with its eighty-two notable characters to this city. This is the company that the New York and Boston critics have commented so much on, because of the beauty of the ladies. Their grace and loveliness, these critics say, have set a new standard of captivating girlhood for the stage.

"Experience" is a tale of the adventures of Youth and although the names of the various characters are personifications, such as Youth, Pleasure, Passion, Excitement, Crime, Wealth, Beauty and other names, "Experience" is not an allegory, but a drama of today. It has a definite and absorbing plot; its people are vivid human beings according to the emotions they typify.

In ten dramatic and comedy scenes "Experience" tells the story of the temptations confronting Youth when

he goes into the world in search of fame and fortune.

One of the interesting features of the play is that in the Golden Cabaret scene all the latest songs are sung and the newest dances given. In this scene the gay night life of a great city is shown. In the Corridors of Chance there is a realistic gambling scene and a modern gambling house is seen, with every gaming device in full operation, including a roulette wheel. Another much talked of scene is the House of Last Resort. This is a typical rathskeller, such as is found in the East Side in New York, and in the Primrose Path and the House of Last Resort scene are contrasted the supreme heights and depths of wealth and poverty.

HIPPODROME.

"The Matrimaniacs."

Douglas Fairbanks, the screen star extraordinary, who has been affectionately dubbed "the human squirrel" by his associates, will star in "The Matrimaniacs," new Triangle, showing at the Hippodrome theater today only. It is asserted that the agile and athletic young man outdoes all his previous feats of leaping, swinging, climbing and bounding in this newest of his pictures. Also, it is announced, he adds to his past performances by riding the rods of a railway car and walking from a roof to a telegraph pole on the wires. At the pole he stops long enough to get married by wire, an obliging lineman making the connections with a minister who is in jail, and his fiancée, who is locked in a room in a hotel. Some of the funniest scenes ever shown on the screen are seen in this picture. The introduction of "Tubby" the reverend gentleman who is called upon to wed the eloping couple, is a scream in itself, and the traveling of Fairbanks and his minister upon a white little mule fairly makes one roll in mirth. Fairbanks is his usually jolly, optimistic, bubbling self, and plays his role with all the energy of his energetic nature. Constance Talmadge is the pretty leading woman for Mr. Fairbanks, and she makes a sweet enough Marna to merit all the trouble to which her sweetheart goes to win her. Winifred Westover plays the maid beautifully, and Walter Hixby and Fred Warren and Clyde Hopkins are excellent in their roles. The story concerns the efforts of a young man to marry the girl of his choice against the wishes of papa and papa's choice of a wife. But the story doesn't count; it's the development that does, and this one can describe as Fairbanks plays it.

JUNIOR EUTERPEAN CLUB.

A rare treat is promised the music lovers of Waco who attend the recital given this afternoon at 4 o'clock at the Central Christian church by the Junior Euterpean club.

The combination of talent presented is a happy one and each artist is well known in musical circles by reputation. It is safe to say that none who is a real lover of the best music can afford to miss being there this afternoon.

When Signor Salvi gave a recital at Chicago he was called back six times. A criticism from the Watertown (S. D.) Public Opinion is as follows:

"The enterprise of the young ladies of the Presbyterian church in bringing to Watertown the C. W. Best Artists' Series was entirely justified last evening when the first number was presented in the new Presbyterian church. Although the main auditorium, the balcony, lecture and Sunday school rooms were thrown open, there was scarcely a vacant seat when the three musicians, who offered the program last evening were introduced. The attendance was a splendid testimonial of the preliminary work of the young ladies and assures liberal patronage of entertainments to come."

Signor Salvi impressed his auditors as one of the most accomplished harp players Watertown has ever heard. Mme. Road possesses a voice of rich, pure tones that carried clearly to the furthest corners of the building. The accompanist, Mrs. Harris, proved an artist of no less ability than her companions."

Concert is given this afternoon at 4 o'clock at the Central Christian church.

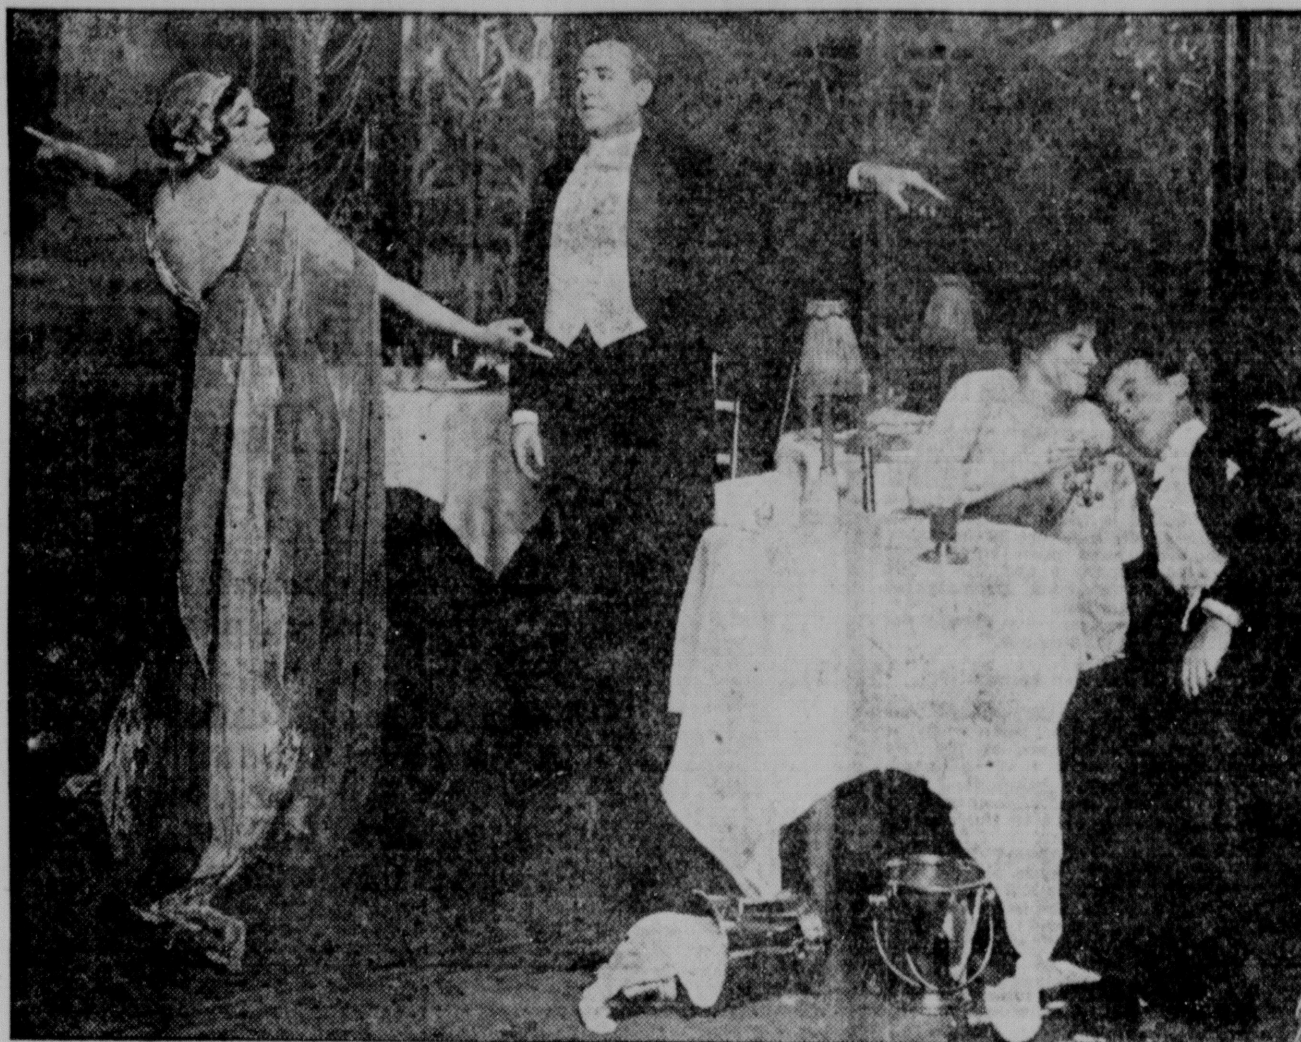

Lathshaw Addresses Working Boys' Club

Members of the Working Boys' club heard a short talk last night on "Thrift" in their club rooms at 209 1-2 South Fifth street by Dr. David G. Lathshaw, who has made many addresses on the subject since the beginning of the thrift campaign in Waco. Many things were said to the boys regarding the help they could be to their mothers by little economies. After the address a second number of the program included several songs by Henry Stubblefield.

In a business session after the entertainment the boys discussed the equipment of one of their rooms for a gymnasium. It was decided that the move would be made, and a gym room, the equipment costing near \$75, will be ready for members in the near future.

Mr. Woodson, who has served the bank the past year as vice president and cashier, tendered his resignation as cashier to become active vice president. Upon his recommendation, Mr. Dupree was elected cashier.

New Factory for Jiffy-Jell

THE MODEL FOOD PLANT OF AMERICA.

Right in the midst of the famous Waukesha Springs, the makers of Jiffy-Jell have completed a white enameled kitchen, the model food plant of the country.

The entire building is devoted to Jiffy-Jell, the new-grade gelatine dessert. Otis E. Glidden, the famous gelatine expert, directs every operation. This new dessert, with fruit flavors in vials, has captured the country in less than six months. Nearly 13 million packages have been offered free to housewives in the women's magazines. As a result of these tests, this Jiffy-Jell plant is overwhelmed with orders. And millions of homes have already adopted this fruit, quick dessert.

A large announcement appears elsewhere in this paper.

cessory Jobbers, which is held January 23 to 27, inclusive.

Mr. Carroll and Mr. Spencer while in Chicago expect to close several contracts for the distribution of various new lines of accessories in Waco territory. They will also attend the annual automobile show, which will be held January 27 to February 3 inclusive, and will do much of their buying for the season, which formally opens with this event.

Mr. Carroll states that the business of their company for the eight months of its existence has exceeded all expectations, and that there is every promise of even bigger business for 1917. They plan to get back to Waco between February 5 and 10.

FUNERAL OF GUNNING WILL BE HELD TODAY

BODY OF MAN WHO KILLED HIMSELF HERE TUESDAY IS SENT TO CHIRENO.

Funeral services of C. A. Gunning, who shot and killed himself Tuesday afternoon after seriously wounding O. J. Hodges, will be held this afternoon at Chireno. Arrangements for the funeral were not made until yesterday morning when several of the relatives of the deceased arrived in Waco. The body was shipped yesterday noon to Chireno.

Mr. Gunning is survived by his widow, a one-month-old baby, three brothers, W. A. Gunning of Orange, J. H. Gunning of Lufkin, and E. W. Gunning of Broadus, and five sisters, Mrs. J. T. Jeanes of San Augustine, Mrs. Eugene Buckner of Tenaha, Mrs. G. F. Garrett and Mrs. Tom Seale of Chireno, and Mrs. Dr. J. T. Blackwell of Nacogdoches.

Mr. Hodges, electrician, who is at the Provident sanitarium, was reported to be resting well at an early hour this morning.

Poll Tax Receipts Being Filled Out Fast Says Clerk

Not as many poll tax receipts have been issued up to date as were issued at the same time last year, according to information coming from the county tax collector's office.

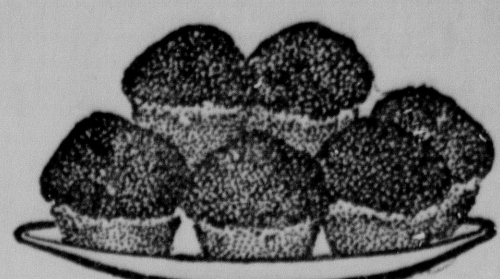

"The receipts have been going fairly fast this week," said the clerk in charge. "Monday we issued 177, the record for any day this year. Wednesday 172 were filled out, and the average for the week so far is above 150. If it keeps up at this rate the usual number will be out long before the month expires."

The Young Men's Business League and several other civic organizations are urging all voters to get a receipt.

The county collector will likely keep his office open late on the last day of the month in order to accommodate those who get in late.

General Manager of Hippodrome Is Here

FUNERAL SERVICES OF J. B. WINSLETT, FORMER WACOAN, THIS MORNING

Reaching Waco at 11 o'clock last night the body of J. B. Winslett was taken to the chapel of the John Fall Undertaking company. Funeral services will be held from that place this morning at 10 o'clock. Interment to be made at Oakwood cemetery, Rev. J. M. Dawson officiating.

Decedent was a resident of Waco until 1895, when he moved to Dallas, and was elected city secretary there, holding this position until the time of his death. He died in Dallas on Wednesday, after an illness of several weeks, aged 70 years.

Mr. Winslett was born in Alabama in February, 1847. He was in the Confederate ranks during the last year of the war. He then moved to Waco, entering the fire insurance business. It was in 1877 that he married Miss Julia Greenwade of Whitney, Texas, but his wife only lived a few years. After his removal to Dallas he served a while as assistant city auditor and in July, 1903, was elected city secretary. He is survived by one son, J. B. Winslett, Jr., and a brother who lives in South Texas.

Dr. George W. Truett of Dallas, pastor of the First Baptist church, officiated at the services yesterday afternoon in Dallas. Active pallbearers were R. R. Nelms, W. V. Feevey, R. C. Cocker, John H. Cullum, John C. Mann and B. A. Moon. The honorary pallbearers will be Mayor Henry D. Lindsey, Commissioners Otto H. Lang, A. C. Cason, Manning B. Shannon and Richard Wilkey, former Mayor William H. Holland and former Commissioners S. B. Scott, L. Blaylock and W. T. Henderson.

The pallbearers at Waco will be selected from among old friends.

EDUCATIONAL CAMPAIGN OF COUNTY POSTPONED YESTERDAY AFTERNOON

Announcement was made yesterday afternoon by County Superintendent R. L. Abbott that the educational campaign over the county has been postponed indefinitely on account of bad weather conditions.

Morgan Vining and E. E. Davis, the two specialists here from State university, left for Austin yesterday afternoon after completing a part of the day's program. The first stop was made at Robinson and the next at Rosenthal. All engagements for the remainder of the week were cancelled.

ANNUAL MEETING OF EMPLOYEES TO BE HELD

HILL PRINTING AND STATIONERY
COMPANY MAKES PREPARATIONS FOR EVENT.

The annual "get-together" meeting of the traveling and city salesmen of the Hill Printing and Stationery company will be held today, tomorrow and Sunday. Headquarters will be at Hotel Raleigh and the entertainment of the salesmen as well as the business program will be under the direction of H. E. Gardner, sales manager of the company.

At this meeting the business of the past year will be gone over in detail and plans outlined for 1917. Mr. Moody stated yesterday that he feels that his company has as efficient a corps of salesmen as any concern in the state, and that a great increase in the personal work of the various men is anticipated for the coming year, both because of the good business conditions prevailing and because of the plans laid out by the company to assist them.

According to L. B. Gardner, it is a great disappointment to the firm members not to be able to welcome the salesmen in the new home of the company, with all the installations of office equipment and machinery completed. They will not be fully settled in their new building, Mr. Gardner states, until some time next week. The change in location of the company was necessitated by the growth of their business in the past eight months.

A banquet for the salesmen is planned for Friday night at the Raleigh, and Saturday night there will be a Dutch supper and cabaret at the old Country club.

The names of the various salesmen and the territory they cover is as follows: W. A. Fender, Abilene territory; W. M. Sutton, Amarillo territory; W. H. Black, Oklahoma territory; M. E. Hulse, Dallas territory; J. A. Hooks, Cameron territory; E. L. Kerner, Central Texas territory; W. H. Wheeler, Texas territory; Ed Johnston, Palestine territory; Ben Grimes, Lampasas territory; R. H. Stanley, Giddings territory; L. A. Colcomb, Waco; L. G. Williams, Waco.

Many of the salesmen are planning to bring their wives and families with them.

"These annual meetings," said Mr. Gardner, "are of real benefit to every salesman and member of the firm, and it is expected that the meeting next year will be one of the best ever held."

To Commemorate Birthdays of Two Civil War Generals

In commemoration of the birthdays of Generals Lee and Jackson, exercises are to be held this afternoon at the home of Miss Deacy Lamar West, beginning at 3 o'clock. All veterans and their friends are urged to be present.

Following is the program to be given: Music, selected, Miss Caroline Alexander.

Reading, Mrs. J. B. Logan.
Address, "Lee and Jackson," Rev. John R. Morris.
Violin, Mrs. Walter Rathell.
Selection, Hawaiian music, Miss Ruth Lennox.

BASEBALL CHAIRMAN WARNS PLAYERS TO NOT BE MISLED

By Associated Press.
Cincinnati, Jan. 18.—In a statement issued from the offices of the National Baseball commission here today Chairman August Herrmann of the National commission cautions the members of the Baseball Players' fraternity not to be misled by false statements.

The statement follows:
"My attention has just been called to bulletin No. 2, sent out by David L. Fultz, president of the Baseball Players' fraternity, to the members thereof.
"In the first paragraph in referring to requests recently made by the fraternity to the national board of the National Association he states that the requests have been tabled without consideration. This statement on his part is false.
"The requests have been acted upon under date of January 5 and the action of the board has been promulgated throughout the country.
"Members of the fraternity should not be misled by false statements."

Johnson Defines Stand.
By Associated Press.
Chicago, Jan. 18.—Settlement of the threatened strike situation rests with the club owners and presidents of the two major leagues, President B. R. Johnson, of the American league, announced here today. The national baseball commission, he said, will take no part in the controversy.

President Johnson declared that the majority of American league players will report even if a strike is called. Nearly 100 already have signed, he said. He also stated that he had received a letter from Manager Griffith of the Washington club, advising that members of the club are signing and that no trouble was expected.

Johnson said that the Washington club was supposed to be the strongest for the fraternity in the American league.

MIDGET TEAM OF "Y" AND ROSENTHAL FIVE WILL CLASH TONIGHT

Advance dope is to the effect that when the Midget team of the Young Men's Christian association and the quintet from Rosenthal meet tonight on the local gym floor, that one of the best basketball games of the season will be offered Waco fans. Smith, who played with Decatur College for several years, is captain of the Rosenthal team. He has been training his men for weeks for this contest.

Captain Prentz of the Midgets, however, is confident that his team will show up well in the match, which begins at 8:30 o'clock. A preliminary game will be played at 8 o'clock. An admission of 25 cents will be charged.

Following is the Waco line-up: Prentz (Captain), Sheppard and Thompson, guards; Gibson, center; James and Meyers (manager), forwards.

Pet Brown Will Meet Barrett at Houston

Houston, Jan. 18.—Wilfred Barrett, the Michigan wrestler who meets Pet Brown at the Auditorium next Friday night, is now putting the finishing touches to his training at the Cosmos Athletic club, a Detroit organization.
Some of Barrett's victims are Chris Jordan, Bob Irslinger, Billy Schober and Chief Montour. His last triumph of note was over Schober, less than six weeks ago. Since that time Barrett has been devoting his time to training for his engagement in Texas.

Saturday the Gulf Coast club received a letter from Barrett, who inquired about the kind of weather that is now prevailing in Houston.

"If it is cool down your way I would like to leave for Texas at once," he wrote, "but if the weather is warm it would be better for me to remain here." An answer was immediately posted, telling Barrett that the weather was flirting with the freezing mark and that he would make no mistake by entraining for Houston at the earliest opportunity.

May Make Sporting Club of Madison Square Garden

By Associated Press.
New York, Jan. 18.—Plans for converting a portion of Madison Square Garden, New York's largest amusement arena, into an exclusive sportsmen's club were declared on the way to fulfillment by Grant Hugh Browne, in a statement to the state athletic board here today. Browne said the move already had the backing of many men prominent in the financial world.

Members to the proposed club, he said, would be the first call on arena seats for garden boxing bouts, the project being patterned after the National Sporting club of London.

Browne told Frederick Wenck, chairman of the commission that he had virtually taken a lease on the garden and would apply for a boxing license as soon as the deal is closed.

Maranville Will Not Receive More Pay

By Associated Press.
Boston, Jan. 18.—President Haughton of the Boston Nationals today refused to increase the salary offered Walter Maranville, the Braves' crack shortstop, who is understood to be receiving \$5500 a year.

"Maranville will sign at the salary I offered him or he will get out of baseball. That is final," Haughton announced upon learning of Maranville's refusal to sign a contract for next year.

Maranville said that his refusal to sign had nothing to do with the players' fraternity threatened strike.

SCHALK SIGNS CONTRACT.
By Associated Press.
Chicago, Jan. 18.—Ray Schalk, catcher of the Chicago Americans, signed a 1917 contract tonight in defiance of the enrage issued by David L. Fultz, president of the Baseball Players' fraternity. Schalk, a member of the fraternity, said that he had received an increase in salary and had no reason to hold out.

Logical Reasons—

Should Persuade You to Advertise All This Year in
The Waco Morning News

Why?

—Because it properly performs its "functions" better than any other publication.

—And because this plan (advertising in The News) is better for creating sales and is the most logical, timely and productive which has ever been devised in the city of Waco.

At the close of the most prosperous year America has ever known, it behooves every business man to bear in mind that WISE ADVERTISING is the best possible insurance for continued and permanent prosperity; therefore, advertisers who buy space in our columns know it is impossible to find a more thoroughly BONA FIDE circulation than The News has.

The News offers service—thorough and honest. It reaches the public in the early morning, when the day's work has begun—a feature designed to meet the approval of the advertisers—and is the only paper in Waco that publishes a daily society page, and which is read, desired and appreciated by the women for its helpfulness and inspiration in that realm of a woman's life.

The sporting page is complete and appeals to the men, and the local news of the nearby towns and villages, together with full Associated Press service, furnishes daily the world's happenings, seven days out of every week.

MARKET REPORT

COTTON

New Orleans.
By Associated Press.
New Orleans, Jan. 18.—Moderately wide ranges carried the price of cotton on this market today above and below the level of yesterday's close. In the early trading the tone was unsettled and bear pressure put the market down for a net decline of 13 to 18 points. Resistance to the selling developed on the large export movement and the market recovered. Late in the date private cablegrams from Liverpool said that Manchester had been caught short through listening to bearish advices and this notion caused a general buying movement which sent prices 19 to 25 points above yesterday's final figures. The selling was not gain of 17 to 20 points, with a very steady tone.

New York.
By Associated Press.
New York, Jan. 18.—After some irregularity due to continued nervousness over ocean freight affairs, the cotton market turned firmer on covering and bullish spot advices. May contracts sold up from 17.35 to 17.65 and closed at 17.66. The general list closing steady at a net advance of 16 to 29 points.

The market opened steady at an advance of 2 to 10 points in response to relatively firm cables. Liverpool and New Orleans selling was encountered at the initial figures, however, while covering or local pressure and prices soon turned easier. March contracts eased off from 17.40 to 17.16 and fell from 17.57 to 17.35. The call or about 12 to 15 points under last night's closing and back to within 10 points of the low level reached yesterday. The selling was not gain by no means aggressive and the market soon showed a better tone on spot market buying and covering.

Reports from Houston claiming that advices had been received there from Havre that 20,000 bales of cotton rumored to have arrived at the French port may have aided the advance and the market reached the best point of the day just before the close.

GRAIN MARKET

By Associated Press.
Chicago, Jan. 18.—Active buying on the part of the houses with seaboard connections carried the wheat market today decidedly up. Closing prices were strong 1/2% net higher, with May at \$1.30 1/2@1.31, and July at \$1.52 1/2@1.53 1/2. Corn gained 1 1/2¢, oats 1/4¢, and provisions 7 1/2¢@2 1/2¢.

Purchasing of wheat appeared to be

increasingly based on notice of conditions that, according to some leaders, suggested not only complete elimination of the surplus supply in the United States, but also indicated possible scarcity before the maturing of a new crop. Pessimistic crop reports from Kansas acted to some extent as a further handicap on the bears.
Corn reached the highest price on record for the May delivery, \$1.02 1/2, a bushel. Oats were stimulated by the same influences that affected corn and wheat. At first provisions were easy in line with the hog market. Later the strength of grain led to a substantial advance.

It Will Pay You to Advertise That Vacant House with a News' Classified Ad

If You Are Out of a Job Listen to This

Either you must seek a place for yourself, or some employer must seek your service. If you go out and seek for yourself, wandering from place to place, you probably will become tired, disgusted and discouraged. The employer will not seek you out, because he has other duties to attend. But there is a happy medium. You can insert a small ad in the "Situation Wanted" columns of The News telling what you can do and the pay you expect. The employer watches this column in search of prospective employees. Thus you can tell your services to not only a few, but thousands, with scarcely any effort and only a few cents expense.

To All Women

Many women's magazines for January and February contain a full-page ad on Jiffy-Jell in colors. Each ad contains a coupon, good at your grocery for a full size package free.

Cut out the coupon and present it to your grocer. We will pay him for the package that he gives you.

We are making this offer in millions of homes, to let Jiffy-Jell tell its own story. Just serve it for one dinner as our treat.

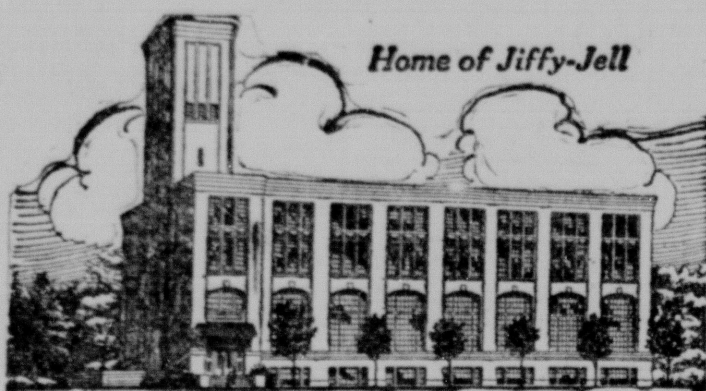

A Delightful Surprise

Jiffy-Jell will prove a delightful surprise. It is made of a rare-grade gelatine, costing twice as much as the common.

The flavors are made from the fruit itself. They are made by concentrating the fresh fruit juice. They are very different from artificial flavors.

Then each flavor comes sealed in a vial. It keeps its freshness until used.

Home of Jiffy-Jell

Flavors which come mixed with the gelatine powder never keep their zest, as these do.

Then the boiling water, used to dissolve Jiffy-Jell, doesn't scald the flavor. The flavor is added from the vial when the jell has partly cooled.

So you get in Jiffy-Jell the flavor of fruit that is newly picked. You never have tasted a jelly dessert that compares with it.

First Dinner Free

If you present the coupon you will get your first serving free. It will give you a new conception of these ideal fruit desserts. It will bring you an extra-grade gelatine, the finest you ever tasted. It will bring you fruit flavors which taste like crushed fruit. It will open the way to countless new delights.

Jiffy-Jell comes in seven flavors—Raspberry, Strawberry, Cherry, Orange, Lemon, Lime and Pineapple. The price when you buy it is two packages for 25c. A package makes 6 or 8 dishes.

MAGICIANS ARE FEATURE OF ATTRACTIVE BILL ON AT ORPHEUM PLAYHOUSE

Advertising on their bill a prize for the five best reasons the Orpheum theater has for claim to the title "The greatest show in Texas for 10 and 20 cents," the management should label their present program for the remainder of the week as one of the reasons for claiming the title.

The Great Herman and company, in a comedy magic illusion act, not only perform some extraordinary stunts with their magical tricks, but mixed with this are fun and comedy which make their act more attractive. The big king of magicians does all the new tricks and some that have no explanation. One mystery, more wonderful because of the brief time in which the performance is accomplished, caused much comment yesterday at the matinee and night program. In this portion of the act the performer is tied to a cross with thirty feet of rope. Scarcely a minute elapses while the cabinet is closed; two men holding the ends of the rope which holds the man captive to the cross; until the cabinet is again opened and in the place of the man a young lady assistant is tied to the cross in the same position the man had been in.

Kathryn Mills, the singing violinist, was the real musical attraction. Miss Mills could play the stringed instrument with much skill. She sings popular songs while playing the violin. Banvard Sisters, serialists, in their

novelty act on the program, receive their share of the applause, amusing the audience considerably.

Kraft and Myrtle, have a future before them in the state, if they continue to practice their act as well each program as they did yesterday afternoon and night. The pair in a comedy act, wish to become great actors, and rehearse or rehearse their act before the audience. The lines are clever and very amusing.

A William Fox photoplay, "Modern Cinderella," with June Caprice taking the leading role, is the motion picture feature of the program.

WACO SPEAKERS' CLUB ENDORSES ORDINANCE ON PARKING VEHICLES

Members of the Waco Speakers' club met in their quarters at the Raleigh hotel last night, the following program being carried out: Debate, "Resolved, that a city ordinance should be passed prohibiting parking privileges to any vehicles for over thirty minutes on Austin from Third to Eighth streets from 9 a. m. to 5 p. m." The affirmative was represented by C. A. Allen and W. R. Anderson while the negative speakers were C. H. Ebb and T. J. Conway. The decision of the judges being close, was in favor of the affirmative, voting T. J. Conway special mention as the best speaker on the debate.

The program committee chairman announced the following program for the next meeting: Oration by J. N. Gaunt; debate upon "Resolved, that the several states should enact a minimum wage law for unskilled labor, constitutionally granted."

Affirmative speakers will be I. L. Huff and B. S. Hammond. The negative will be represented by B. A. Goodman and M. J. Ginsberg.

The debate last night was one of the most successful ever conducted by the Speakers' club and each speaker showed that he had studied the subject and each speech was well delivered. T. P. Crawford, Jr. was elected to membership in the club.

Committee Selects Ads for Contest

The eliminating committee of the Waco Ad Writers' league met Tuesday and made a selection of the three best ads submitted in the ad writing contest for the Morning News. One of the ads appears in the News today. These ads were written by members of the league and when they have appeared in print will be judged at the next regular meeting of the league, January 26.

This feature of the work of the organization has aroused a great deal of interest among the members. It is not assumed that any ad submitted is perfect, and at the discussions of the members the various strong and weak points of the ads are brought out.

WHITE WAY WILL BE EXTENDED ON EIGHTH

CITY COMMISSION REPORTS FAVORABLY ON PAVING SOUTH FIFTH STREET.

WILL HOLD BOND ELECTION

Ordinance Preventing Smoking in Waiting Rooms at Railroad Stations Is Passed.

Acting favorably on the petition of residents of South Fifth street to pave that thoroughfare with permanent material from Jackson to Speight streets, and taking the preliminary steps to get the work under way, the city commission yesterday morning disposed of a matter which had been before the body some time.

It was decided at the meeting to have a bond election as soon as possible to see about the issuance of \$25,000 in bonds for the purpose of paving streets in the city.

The paving of South Fifth will be done if the bond issue carries. When the street paving matter was presented it was found that the requisite number of property owners had signed the petition, and the commission at once granted the petition, provided the bond issue carries, setting February 21 as the date of the hearing on the question of benefits to be derived from the paving. The ordinance providing for this paving will be prepared by City Attorney John Maxwell at once.

TO EXTEND WHITE WAY ON EIGHTH STREET.

Dr. B. L. Scott and W. W. Naman appeared before the commission asking that the white way on Eighth street be extended from Austin to Washington streets, property owners having agreed to pay for the putting in of the lighting system. The request was granted, and the white way will be extended.

The ordinance stopping smoking in waiting rooms at railroad and interurban stations in the city was passed, this having been called for at the last meeting. No more smoking will be permitted in the waiting rooms, save in rooms set apart for that purpose.

The claim of Earl Massey for property used by the city in a street taken on Cumberland west of Fifteenth street was referred.

Petition from the Percy Willis Auto company to have parking signs in front of the place of business on Austin street between Seventh and Eighth streets was referred to Commissioner Ben Richards.

The city attorney was requested to prepare an ordinance providing for a maximum length to which loads may project behind wagons which haul loads about the city. It is alleged there has been trouble from this cause, some of the projecting loads being dangerous.

The alleged dangerous manner of handling passengers at the Katy passenger station, when tracks are blocked, was referred to Commissioner Richards, Mayor Dollins and Chief of Police Guy McNamara.

Baylor Girls Plan Social Feature

For the purpose of furnishing their rest room, members of the Girls' Town Club at Baylor university announce a social affair for tomorrow morning at 10 o'clock, which will be in the form of a "tea" and bazaar.

The plan is to arrange several features to the entertainment, one to be a large display of books, decorated with all the equipment which characterize a fortune teller's home. One of the girls will tell fortunes from this quarter. A nominal fee will be charged those attending and the proceeds of the entertainment will be devoted to placing furniture in the rest room for girls at Baylor.

According to those in charge of the arrangements for the program, girls from the G. B. Halls will be allowed to attend the entertainment in company with Baylor Boys.

INDIA TEA

1907 Hague Convention (IV) Annex Section 1 Article 7.

"... prisoners of war shall be treated as regards board, lodging and clothing on the same footing as the troops of the government who captured them."

India Tea is the wholesome drink of troops in hard training.

How Germans appreciate it. From 2nd Lieut. H. Kohler: "The dietary is superb. Every morning there is tea at 6. At 8 breakfast, consisting of two eggs, tea, bread and butter, milk, sugar, fish and porridge. Dinner at 12, meat or fish, and pudding. Afternoon tea with sugar and bread and butter."

Another prisoner writes of—"Beautiful tasting tea." The above, from letters from German soldier-prisoners in England, published by the New York Times.
